

Agricultural Innovation Board Meeting  
December 19, 2022 1pm-4pm  
Transcript Text

0:0:0.0 --> 0:0:2.220

AGR - 2nd Floor Conference Room  
Program some we're going to cover the chatter.

0:0:3.700 --> 0:0:7.160

AGR - 2nd Floor Conference Room  
Wendy's and Harper and the soil scientist I live in London.

0:0:8.150 --> 0:0:10.70

AGR - 2nd Floor Conference Room  
Joining the Chamberlain corrupt and full.

0:0:11.210 --> 0:0:12.990

AGR - 2nd Floor Conference Room  
Terrence Bradshaw, University of Vermont.

0:0:14.420 --> 0:0:17.0

AGR - 2nd Floor Conference Room  
Clarice Cutler and DC then anark.

0:0:18.30 --> 0:0:22.530

AGR - 2nd Floor Conference Room  
And the board members who are on the call, if you could introduce yourself.

0:0:25.980 --> 0:0:28.820

DiPietro, Laura  
This is Laura Dipietro. Sorry, I have the flu.

0:0:30.240 --> 0:0:30.940

AGR - 2nd Floor Conference Room  
Hi, Lauren.

0:0:32.850 --> 0:0:38.130

AGR - 2nd Floor Conference Room  
Do we have any other board members and we're calling in, sorry, I need to Roy, just don't.

0:0:38.310 --> 0:0:38.560

AGR - 2nd Floor Conference Room  
Here.

0:0:44.260 --> 0:0:50.40

Vose, Sarah  
Uh, yes, I am on. Sorry I could not make it to Montpelier with my other meeting schedules.

0:0:51.240 --> 0:0:52.430

AGR - 2nd Floor Conference Room  
Glad you could join us.

0:0:53.740 --> 0:0:54.220

AGR - 2nd Floor Conference Room  
OK.

0:0:55.130 --> 0:0:56.690

AGR - 2nd Floor Conference Room  
Roy on introduce yourself.

0:0:57.760 --> 0:1:6.190

Roy Beckford

Sure. Good afternoon. I'm Roy Beckford. I'm the I'm an associate Dean cows and the College of Agriculture and Life Sciences. Your VM and I'm the director of extension.

0:1:7.420 --> 0:1:8.390

AGR - 2nd Floor Conference Room  
And see you.

0:1:10.100 --> 0:1:15.120

Steve Schubart (Guest)

Hi, I'm Steve shubart. Uh sorry I can make it Umm, just too much stuff coming up today on the farm.

0:1:16.360 --> 0:1:23.780

Steve Schubart (Guest)

I own and operate a grass fed beef operation in Charlotte and I work in supply chain management for a company called Walden Local Meat.

0:1:26.710 --> 0:1:27.570

Steve Schubart (Guest)

Thanks. Good to be here.

0:1:26.870 --> 0:1:27.760

AGR - 2nd Floor Conference Room  
OK so.

0:1:28.640 --> 0:1:29.160

AGR - 2nd Floor Conference Room  
Thank you.

0:1:32.310 --> 0:1:34.420

AGR - 2nd Floor Conference Room  
So it looks like.

0:1:35.840 --> 0:1:53.220

AGR - 2nd Floor Conference Room

The two individuals we know couldn't make it today, or Clara Air. Who or a contact US and had another

allegation she couldn't get out of. And and Ryan Rebozo also contacted us. So I think that accounts for all the boarding emerged. Like, correct.

0:1:55.320 --> 0:2:6.550

AGR - 2nd Floor Conference Room

So thank you all very much for attending and participating before we get started, though, we go around and have the other folks who were attending introduced himself starting here in the room.

0:2:7.620 --> 0:2:11.460

AGR - 2nd Floor Conference Room

Stephanie Smith, staff member with the Agency of Agriculture.

0:2:13.420 --> 0:2:15.630

AGR - 2nd Floor Conference Room

Picker is that the number of the?

0:2:17.360 --> 0:2:18.270

AGR - 2nd Floor Conference Room

Our car models.

0:2:20.500 --> 0:2:27.480

AGR - 2nd Floor Conference Room

Dave Huber, Debbie, director of the public health in Arabic Spanish revision agency. Thank you and.

0:2:27.560 --> 0:2:39.30

AGR - 2nd Floor Conference Room

The order, what you call the folks out on the phone this see the first time Morgan I. That's right here. So I'm just gonna go down so Bethany.

0:2:41.990 --> 0:2:48.190

Creaser, Bethany

Are Bethany creaser? I'm one of the field staff with the Pesticide division and the Vermont Agency of AG.

0:2:51.710 --> 0:2:52.420

AGR - 2nd Floor Conference Room

Fred Putnam.

0:3:3.320 --> 0:3:3.870

AGR - 2nd Floor Conference Room

I.

0:3:4.670 --> 0:3:5.280

AGR - 2nd Floor Conference Room

Wendy.

0:3:7.420 --> 0:3:14.150

Houston-Anderson, Wendy

Hi, I'm Wendy Anderson. Umm with the administration division in the agency working as the Enforcement coordinator.

0:3:17.710 --> 0:3:18.530

AGR - 2nd Floor Conference Room

Jonathan wolf.

0:3:24.910 --> 0:3:33.220

Jonathan Wolff

Hi, I'm Jonathan Wolff with Primer Piper, Allison and Kramer behalf of Bio, and I've been working with Margaret Laggis on issues.

0:3:34.520 --> 0:3:35.790

Jonathan Wolff

Of relevance. Thank you.

0:3:38.950 --> 0:3:39.260

AGR - 2nd Floor Conference Room

Thanks.

0:3:40.620 --> 0:3:42.110

AGR - 2nd Floor Conference Room

Laura Johnson.

0:3:44.970 --> 0:3:48.20

Laura O. Johnson

Hi, I'm Laura Johnson with UVM extension.

0:3:52.430 --> 0:3:53.400

AGR - 2nd Floor Conference Room

Margaret's life.

0:3:56.190 --> 0:3:59.490

margaret laggis

Hi, I'm Margaret Lagus and I work with bio and Crop life America.

0:4:2.350 --> 0:4:3.660

AGR - 2nd Floor Conference Room

And Mitchell Bradley.

0:4:5.600 --> 0:4:7.310

Mitchell Bradley USRS

I'm Brad Mitchell. I work with Syngenta.

0:4:10.350 --> 0:4:10.820

AGR - 2nd Floor Conference Room

My friend.

0:4:16.150 --> 0:4:18.30

AGR - 2nd Floor Conference Room

And that's it. Yeah, and.

0:4:19.990 --> 0:4:25.820

AGR - 2nd Floor Conference Room

Both everybody and glad we have folks participating in the public any.

0:4:27.440 --> 0:4:35.570

AGR - 2nd Floor Conference Room

We're. We're gonna proceed through the agenda and there will be an opportunity for public comment at the end of the meeting for the end of the meeting.

0:4:37.0 --> 0:4:45.290

AGR - 2nd Floor Conference Room

So first of all, we have a review. First of all, let's review the agenda. Are there any? Is there anything that the board members?

0:4:46.130 --> 0:4:49.710

AGR - 2nd Floor Conference Room

Would like to add to the agenda or any comments on the agenda itself.

0:4:54.20 --> 0:4:55.920

AGR - 2nd Floor Conference Room

I don't see any, OK.

0:4:56.520 --> 0:4:57.130

AGR - 2nd Floor Conference Room

Umm.

0:4:58.550 --> 0:5:5.150

AGR - 2nd Floor Conference Room

2nd we would like to go over if you've had a chance that you sent the some meeting summary out last meeting.

0:5:6.670 --> 0:5:12.700

AGR - 2nd Floor Conference Room

Yes, I think but and posted the yeah, so the summary minutes of the last meeting have been posted.

0:5:13.400 --> 0:5:16.460

AGR - 2nd Floor Conference Room

Sent to the board members. If anybody had any comments or.

0:5:17.780 --> 0:5:19.230

AGR - 2nd Floor Conference Room

Corrections to those.

0:5:20.80 --> 0:5:23.770

AGR - 2nd Floor Conference Room

So you are, you know, part of the record of the Committee of the board.

0:5:27.760 --> 0:5:31.130

AGR - 2nd Floor Conference Room

See any seeing none, we'll go on to the.

0:5:31.210 --> 0:5:37.820

AGR - 2nd Floor Conference Room

The agenda itself today, we're gonna have an update on form activities from the two.

0:5:38.670 --> 0:5:48.700

AGR - 2nd Floor Conference Room

System directors. And then we're going to discuss the item we brought up to the last meeting, which is the an annual farm survey of farmers.

0:5:49.460 --> 0:5:58.130

AGR - 2nd Floor Conference Room

We have a a draft that will circulate it to the board members who comment and we'll go over that hopefully finalize that to discuss how we're going to conduct the survey.

0:5:59.670 --> 0:6:15.0

AGR - 2nd Floor Conference Room

Uh, today we need to review and approve the annual report for the Agricultural Innovation Board, which is due to be presented to the legislature by January 15th. So that'll be the primary thing you talk about.

0:6:16.10 --> 0:6:20.850

AGR - 2nd Floor Conference Room

And part of that document includes a sort of a.

0:6:22.760 --> 0:6:27.290

AGR - 2nd Floor Conference Room

The work plan, or at least a list of the items that the board's going to focus on for the next.

0:6:27.980 --> 0:6:31.280

AGR - 2nd Floor Conference Room

Here there's always change it during the year obviously, but at least it's a plan.

0:6:31.950 --> 0:6:35.300

AGR - 2nd Floor Conference Room

What we're going to focus on to achieve some of our responsibilities.

0:6:36.100 --> 0:6:48.310

AGR - 2nd Floor Conference Room

I'll have a discussion on the non-linear non neonicotinoid treated seed. Yes, we have a responsibility to provide recommendations for a best management practices.

0:6:48.980 --> 0:7:1.110

AGR - 2nd Floor Conference Room

For non you know, make it truly treated seed by February of this year, February 2023. So we need to talk about that and we'll have opportunity for public comments so with that.

0:7:2.530 --> 0:7:9.630

AGR - 2nd Floor Conference Room

Let's go ahead and do the format thing. Babe. You wanna go first? Sure, I won't. You come up to date when you so we can make sure you get good coverage.

0:7:11.230 --> 0:7:12.500

AGR - 2nd Floor Conference Room

Make your update all right.

0:7:17.360 --> 0:7:23.780

AGR - 2nd Floor Conference Room

Well, good afternoon, everybody. Dave Huber, deputy director of the public Health and Agricultural Resource Management division.

0:7:24.720 --> 0:7:30.550

AGR - 2nd Floor Conference Room

Umm, the update that I have for the board centers around the pesticide regulation.

0:7:31.460 --> 0:7:36.530

AGR - 2nd Floor Conference Room

Of the agency is in the midst of our formal rulemaking.

0:7:37.850 --> 0:7:40.500

AGR - 2nd Floor Conference Room

On the 1991 pesticide regulations.

0:7:41.230 --> 0:7:45.510

AGR - 2nd Floor Conference Room

These are regulations that have not been formally updated since 1991.

0:7:46.170 --> 0:8:3.760

AGR - 2nd Floor Conference Room

Uh, last time that we met, I gave everybody here and update on the process so far, so this is just building off of that conversation since the last time that we've met, we've had two hearings over at ELKAR, which is the Legislative Committee on Administrative Rules.

0:8:4.630 --> 0:8:21.410

AGR - 2nd Floor Conference Room

At the first meeting of the, the committee said that the agency should discuss with Agency of Natural Resources on a couple of items regarding isolation distances to wells as far as where and where not to apply pesticides.

0:8:22.250 --> 0:8:31.470

AGR - 2nd Floor Conference Room

It was agencies understanding that that was the sole reason why we were going to be pushed back on a boat until the December 15th Elkar hearing.

0:8:32.160 --> 0:8:34.670

AGR - 2nd Floor Conference Room

Uh, after hearing the recommendation by the committee.

0:8:35.450 --> 0:8:45.30

AGR - 2nd Floor Conference Room

They can see your agriculture worked with Agency of Natural resources to get language that meet the mandates of elkar.

0:8:45.950 --> 0:9:0.450

AGR - 2nd Floor Conference Room

Specifically, making sure that the wastewater and potable water supply rule and the groundwater supply rules over at it, you can see the natural resources meshed with the updates that we're going to be taking place with the pesticide regulations.

0:9:1.910 --> 0:9:10.420

AGR - 2nd Floor Conference Room

Uh, those changes were made and were given as amended language to elkar. We had a hearing on the 15th.

0:9:11.430 --> 0:9:14.320

AGR - 2nd Floor Conference Room

And at that hearing in our.

0:9:14.900 --> 0:9:16.60

AGR - 2nd Floor Conference Room

Uh spoke.

0:9:16.770 --> 0:9:32.460

AGR - 2nd Floor Conference Room

Uh and said that they were pleased with the language that had been added to the pesticide regulations of our drafts, were appropriately submitted within the time frame to L car when they need to have their documentation.

0:9:33.500 --> 0:9:37.890

AGR - 2nd Floor Conference Room

And unfortunately, after the the 2nd 2 hour Elkhart hearing.

0:9:38.710 --> 0:9:51.630

AGR - 2nd Floor Conference Room

Uh, the committee expressed some more concern with the agency of Agriculture's proposed rule and requested that we come back at a later date.

0:9:52.410 --> 0:9:55.300

AGR - 2nd Floor Conference Room

To have a open public hearing.

0:9:56.490 --> 0:9:59.30

AGR - 2nd Floor Conference Room  
To be held at Elkhorn.

0:9:59.960 --> 0:10:5.530

AGR - 2nd Floor Conference Room  
And so in order to do that, the agency just procedurally to let everyone know.

0:10:6.700 --> 0:10:8.550

AGR - 2nd Floor Conference Room  
What the procedure is for that?

0:10:9.250 --> 0:10:17.930

AGR - 2nd Floor Conference Room  
Uh, things he was running up against an 8 month adoption deadline at the first Elkhart hearing, meaning from the day you submit your rule.

0:10:18.570 --> 0:10:23.880

AGR - 2nd Floor Conference Room  
Until the very end, you have to get it across the finish line. Then that eight-month time frame.

0:10:24.810 --> 0:10:26.990

AGR - 2nd Floor Conference Room  
Of at the same time.

0:10:27.720 --> 0:10:30.350

AGR - 2nd Floor Conference Room  
Elkhart was running up against a 45 day.

0:10:30.920 --> 0:10:42.250

AGR - 2nd Floor Conference Room  
Uh, deadline and their deadline is once a rule is submitted to elkar, they have 45 days to either object or to that rule.

0:10:43.440 --> 0:10:48.730

AGR - 2nd Floor Conference Room  
So we have two timelines that are running concurrent for each, giving each other.

0:10:49.340 --> 0:10:50.760

AGR - 2nd Floor Conference Room  
Uh extensions?

0:10:51.470 --> 0:11:4.600

AGR - 2nd Floor Conference Room  
And so the Agency of Agriculture granted an extension to Elkhart. Elkhart granted an extension to its variable term that was at the December 1st meeting. We had to do it again at the December 15th meeting because.

0:11:5.260 --> 0:11:7.170

AGR - 2nd Floor Conference Room  
Uh Elkhart will not be able to meet.

0:11:7.970 --> 0:11:14.320

AGR - 2nd Floor Conference Room  
At the earliest until December 29th, due to the holiday season, they're going to be meeting January 5th.

0:11:15.80 --> 0:11:16.760

AGR - 2nd Floor Conference Room  
So the next Elkhart here will be.

0:11:17.380 --> 0:11:19.600

AGR - 2nd Floor Conference Room  
January 5th, 2023.

0:11:21.50 --> 0:11:32.100

AGR - 2nd Floor Conference Room  
There was a lot of representation at the Elkhart hearings by those who are not in favor of the pesticide regulations being adopted as drafted.

0:11:33.130 --> 0:11:42.960

AGR - 2nd Floor Conference Room  
I just wanted to bring to everyone's attention in this room that the agency has engaged in very robust public participation and outreach.

0:11:44.110 --> 0:11:50.870

AGR - 2nd Floor Conference Room  
The past several years, this is not new that the agency has been looking to adopt new rules.

0:11:51.580 --> 0:11:54.750

AGR - 2nd Floor Conference Room  
Uh to make sure that everyone is being kept.

0:11:55.800 --> 0:12:0.820

AGR - 2nd Floor Conference Room  
Safe that pesticides are being applied in a safe and responsible and efficient manner.

0:12:1.850 --> 0:12:3.740

AGR - 2nd Floor Conference Room  
And and so.

0:12:5.370 --> 0:12:11.290

AGR - 2nd Floor Conference Room  
There was a lot of folks there who were not in favor of this new role in the amendments associated with it.

0:12:12.680 --> 0:12:20.710

AGR - 2nd Floor Conference Room

I would encourage everyone on the board if so interested to please attend the ELKAR hearing on January 5th.

0:12:22.70 --> 0:12:29.890

AGR - 2nd Floor Conference Room

The pesticide rules, I believe, are integral to what's going on at the board here. All of our topics.

0:12:30.740 --> 0:12:35.710

AGR - 2nd Floor Conference Room

Take into consideration components of pesticide use, application regulation.

0:12:36.460 --> 0:12:38.980

AGR - 2nd Floor Conference Room

And if nothing worse than educational.

0:12:39.860 --> 0:12:42.500

AGR - 2nd Floor Conference Room

I think it'll be great for everybody to to show up.

0:12:43.450 --> 0:12:53.990

AGR - 2nd Floor Conference Room

If you're so inclined and you have read through the rules and you think that the rules make sense for your business or your farm, or for your constituent groups.

0:12:54.760 --> 0:12:55.890

AGR - 2nd Floor Conference Room

For those that you're teaching.

0:12:56.580 --> 0:13:5.350

AGR - 2nd Floor Conference Room

Uh. Then I would encourage you as well to to speak on behalf that if that is in favor of the rule as amended.

0:13:6.30 --> 0:13:14.410

AGR - 2nd Floor Conference Room

And so be it. If it's not in favor, then so be it as well. But getting the public to participate, one thing getting the board to participates in other and.

0:13:15.640 --> 0:13:20.890

AGR - 2nd Floor Conference Room

Smart to say that to the board today, couple of points to that to that one is the.

0:13:21.600 --> 0:13:22.980

AGR - 2nd Floor Conference Room

The regulation that's.

0:13:23.780 --> 0:13:24.410

AGR - 2nd Floor Conference Room

Being.

0:13:25.110 --> 0:13:25.840

AGR - 2nd Floor Conference Room  
Opposed.

0:13:26.660 --> 0:13:30.320

AGR - 2nd Floor Conference Room  
His replacement for regulations Everlast adopted in 1994.

0:13:31.70 --> 0:13:32.970

AGR - 2nd Floor Conference Room  
So we're talking 31 year old.

0:13:33.620 --> 0:13:34.730

AGR - 2nd Floor Conference Room  
Regulations.

0:13:35.520 --> 0:14:5.890

AGR - 2nd Floor Conference Room  
You know, tempting to regulate current modern pesticide use and education. And so it's, you know, it's it's a pretty much a no brainer that we need to update the rules and begin and how many times has the agency gone forward with this time how well we brought up a certain revisions in 1999 it was then discussed in 2009, 2017, 2018 we have never actually submitted any paperwork to have the rule go with an appropriate.

0:14:5.970 --> 0:14:24.750

AGR - 2nd Floor Conference Room  
Telling set and initiate the rulemaking process which starts with the Secretary of State's office and Icard Interagency Committee on Administrative Rules. We haven't done that until this this push here. But as Steve said, this is it was last updated in 1991. The Internet was not around.

0:14:25.420 --> 0:14:26.580

AGR - 2nd Floor Conference Room  
It's not like it is today.

0:14:27.740 --> 0:14:36.700

AGR - 2nd Floor Conference Room  
A modern trends in pesticide usage dictate new new grip on on 1st reality and also regulation.

0:14:38.580 --> 0:14:55.810

AGR - 2nd Floor Conference Room  
We are contemplating some changes in this rule that have come down from the federal government, namely the EPA has made it very clear that there are a couple of items that have to get changed. Changing the age of applicator.

0:14:56.790 --> 0:15:23.810

AGR - 2nd Floor Conference Room  
What we have is 16, making it mandatory, 18 at least in order to apply a pesticide updates on container containment issues, restricted use pesticides not being allowed for supervision purposes. You have to be

certified. These are all good things that industry, the most part, has already absorbed the cost because they've rolled out quite a few years ago, the agency of AG just needs to codify this in our rule.

0:15:24.740 --> 0:15:46.590

AGR - 2nd Floor Conference Room

So what's the main pushback between? Who's? Who's is this thing that changes and what are their reasons for we've? And these are all public hearings. You can watch them on YouTube as well. So you don't have to just take my word for it. But a lot of the pushback has come around the definition of arbitrary. Whether or not this rule.

0:15:47.650 --> 0:15:48.480

AGR - 2nd Floor Conference Room

Is arbitrary.

0:15:49.500 --> 0:15:52.80

AGR - 2nd Floor Conference Room

The Administrative Procedures Act dictates.

0:15:53.260 --> 0:16:12.640

AGR - 2nd Floor Conference Room

That word, arbitrary the APA was last updated in 2018, along with some many definitions, and since then no rule has been struck down as being arbitrary. Just to put that out there, but I think the question is who, which groups or conservation law foundation?

0:16:13.690 --> 0:16:15.770

AGR - 2nd Floor Conference Room

Uh and submitted documentation.

0:16:16.910 --> 0:16:17.510

AGR - 2nd Floor Conference Room

That effect?

0:16:20.140 --> 0:16:24.0

AGR - 2nd Floor Conference Room

And that would be the one of the main switch backs right there, yeah.

0:16:25.280 --> 0:16:27.670

AGR - 2nd Floor Conference Room

There are approaches. Her hand up. Sarah, go ahead.

0:16:30.160 --> 0:16:33.330

Vose, Sarah

Thank you. Yeah. Sorry. I'm eating lunch. Which is why I turned my camera off.

0:16:34.910 --> 0:16:44.140

Vose, Sarah

I wondered. It's been a very long time. We submitted health department submitted comments to those rules to your rule in 2015.

0:16:48.340 --> 0:17:9.930

Vose, Sarah

I wonder if you have. If you're getting any public comments around regulation of mosquito control districts, and I don't exactly remember. I know what changes we had recommended, but I don't exactly remember what changes were included in those regulations. So maybe if you could summarize that quickly and just say if you've had any public interest in that, I would like to know that.

0:17:12.500 --> 0:17:18.620

AGR - 2nd Floor Conference Room

Yeah, not not a ton, Sarah. Conservation Law Foundation spoke up a little bit about.

0:17:19.410 --> 0:17:37.660

AGR - 2nd Floor Conference Room

Uh, the adult deciding. But other than that, no. Yeah, well, 11 big change in this rule is requiring adult deciding permits, right? The current regulation does not. It does not. Yeah. So this is a major. This regulation improves so many areas of pesticide regulation.

0:17:38.730 --> 0:17:39.660

AGR - 2nd Floor Conference Room

We were, you know.

0:17:40.460 --> 0:17:41.80

AGR - 2nd Floor Conference Room

For a little.

0:17:49.550 --> 0:17:50.270

Vose, Sarah

And then what?

0:17:41.780 --> 0:17:51.730

AGR - 2nd Floor Conference Room

Athens sometimes as to why there's so much opposition and why we can't move forward with what's obviously improvements. But anyway, the point is we're we're going forward. Sorry, go ahead.

0:17:52.500 --> 0:18:1.430

Vose, Sarah

What am what bar is set for the Agency of Agriculture to approve a permit for an adult decide?

0:18:2.680 --> 0:18:6.910

Vose, Sarah

And and maybe this is in the role. I'm so sorry if you don't want to get into it, you can tell me. We can talk about it later.

0:18:11.80 --> 0:18:11.400

Vose, Sarah

OK.

0:18:8.100 --> 0:18:15.560

AGR - 2nd Floor Conference Room

Have you want to talk about offline here? I'm more than happy to to fill you in on on so. It's all online. All the you know the.

0:18:16.630 --> 0:18:26.590

AGR - 2nd Floor Conference Room

The but the point is it's there is no permitting now right for adult siding and this wouldn't oppose with with a public comment period with public comment period, right?

0:18:27.200 --> 0:18:33.330

AGR - 2nd Floor Conference Room

Which is which is necessary for our permits to make sure that everyone is able to take a look.

0:18:35.420 --> 0:18:36.770

Vose, Sarah

Thank you. I'll set up a time.

0:18:35.490 --> 0:18:38.120

AGR - 2nd Floor Conference Room

What? What time is that meeting on the fifth? Sorry.

0:18:39.120 --> 0:18:39.770

AGR - 2nd Floor Conference Room

10:00 o'clock.

0:18:41.700 --> 0:18:46.850

AGR - 2nd Floor Conference Room

A written comments just so everyone knows how to be submitted 48 hours in advance at the earliest.

0:18:47.830 --> 0:18:55.160

AGR - 2nd Floor Conference Room

Although the past two Elkhart hearings, they have made exceptions to those who have requested a testify within that.

0:18:55.930 --> 0:18:59.110

AGR - 2nd Floor Conference Room

48 hour timeline and have also accepted documentation.

0:18:59.940 --> 0:19:3.110

AGR - 2nd Floor Conference Room

From those individuals within that deadline as well.

0:19:5.190 --> 0:19:8.620

AGR - 2nd Floor Conference Room

So to speak, you have to give before you hour notice and get on the list.

0:19:10.240 --> 0:19:16.910

AGR - 2nd Floor Conference Room

But you know the rule certainly has impacts for for those who have businesses that utilize or.

0:19:17.820 --> 0:19:20.830

AGR - 2nd Floor Conference Room

Uh have customers who utilize, that's.

0:19:22.720 --> 0:19:23.640

AGR - 2nd Floor Conference Room

Will it be soon?

0:19:24.670 --> 0:19:27.470

AGR - 2nd Floor Conference Room

The meeting. Until it. Yeah, yeah, yes.

0:19:37.280 --> 0:19:51.390

AGR - 2nd Floor Conference Room

OK. Thank you, Dave. And there anybody has any questions? Dave's always available. Yeah, I'll pro my information in the chat here for everybody. More than happy to to talk more in depth. Yep. OK.

Stephanie, come up here in the table.

0:19:51.970 --> 0:19:52.840

AGR - 2nd Floor Conference Room

Show your update.

0:19:53.900 --> 0:19:54.630

AGR - 2nd Floor Conference Room

My chair.

0:19:57.860 --> 0:19:58.60

AGR - 2nd Floor Conference Room

Sure.

0:20:1.170 --> 0:20:4.640

AGR - 2nd Floor Conference Room

So it's 70 Smith, assistant director and farm.

0:20:6.190 --> 0:20:8.60

AGR - 2nd Floor Conference Room

I we had someone.

0:20:9.400 --> 0:20:21.590

AGR - 2nd Floor Conference Room

That's my update. The agencies hired another individual to assist in the registration of products and labeled review of products that are done by programmatic stack currently.

0:20:22.320 --> 0:20:38.70

AGR - 2nd Floor Conference Room

Vision and those include PC fertilizer and pesticide products, and so this person will be interval actually to the seed efforts that the agency is contributing and providing information data to be about one of the first tasks I think we're going to.

0:20:39.850 --> 0:21:9.880

AGR - 2nd Floor Conference Room

Give this individual is to review the seed distributor database from 2021 and 2022 and to look at those seed distributors that have not registered with the Agency of Agriculture, calling them and touching base to see if they should be registered and if they fail to register in 2022, we're gonna ask them to pay for 2022 and then also to do the seed reports that we are required to collect from those seeds.

0:21:9.950 --> 0:21:12.330

AGR - 2nd Floor Conference Room

Computers and this this effort will.

0:21:13.510 --> 0:21:34.340

AGR - 2nd Floor Conference Room

Give this individual an opportunity to interface with. See distributors to get familiarity with the database that we use, and then to focus on a particular program. Seeds in particular. So we're really excited about that and that is a C stranger. Anyone that sells seeds for distribute seeds on the state of.

0:21:35.390 --> 0:21:39.170

AGR - 2nd Floor Conference Room

And user or two it should be user to others or.

0:21:39.930 --> 0:21:40.540

AGR - 2nd Floor Conference Room

Packaged.

0:21:41.480 --> 0:21:53.40

AGR - 2nd Floor Conference Room

And Celsius and distribute packages. So if you so if you're a company that distributes seeds to another company who then package instead of seeds distributes to end user.

0:21:53.890 --> 0:21:55.530

AGR - 2nd Floor Conference Room

That middle person, this distributor.

0:21:56.860 --> 0:21:57.650

AGR - 2nd Floor Conference Room

That would be.

0:21:58.450 --> 0:21:59.670

AGR - 2nd Floor Conference Room

The box that we want.

0:22:0.990 --> 0:22:2.580

AGR - 2nd Floor Conference Room

But there are many instances.

0:22:3.930 --> 0:22:18.400

AGR - 2nd Floor Conference Room

The first company, it's also distributor in addition to the second company and so but each preach needs

to report separately about reaching out to but we will be it's there's that I don't have the definition in front of me but I'd be happy to share that information.

0:22:22.110 --> 0:22:22.950

AGR - 2nd Floor Conference Room

But it is.

0:22:24.340 --> 0:22:31.580

AGR - 2nd Floor Conference Room

You know, but yes, I will get back. Yeah. So there's there's a lot of work to do in the seed.

0:22:32.660 --> 0:22:36.190

AGR - 2nd Floor Conference Room

Arena I guess would be the easiest way to say this.

0:22:37.670 --> 0:22:38.420

AGR - 2nd Floor Conference Room

We have.

0:22:39.520 --> 0:22:52.220

AGR - 2nd Floor Conference Room

Things started to say, fairly limited information about C distribution and Vermont, and we're gonna need a lot more of it to do some of the things that aggravation boards charged with doing.

0:22:52.940 --> 0:22:58.180

AGR - 2nd Floor Conference Room

So that's one of the reasons do hiring a person and we focus will be focusing on.

0:22:59.80 --> 0:23:2.580

AGR - 2nd Floor Conference Room

What information we currently have and how we can get more information?

0:23:3.750 --> 0:23:12.360

AGR - 2nd Floor Conference Room

In addition to that, that'll you know, pertain to all the things we're gonna be talking about. And, you know, I would anticipate they'll be.

0:23:13.250 --> 0:23:16.490

AGR - 2nd Floor Conference Room

A number of times during, I means we'll be talking about.

0:23:17.340 --> 0:23:17.970

AGR - 2nd Floor Conference Room

The seed.

0:23:19.310 --> 0:23:22.110

AGR - 2nd Floor Conference Room

Reporting system and information we're having.

0:23:22.830 --> 0:23:27.10

AGR - 2nd Floor Conference Room

Fishing and we asking for information for board members too. You know what information.

0:23:28.340 --> 0:23:30.350

AGR - 2nd Floor Conference Room

Whereas you could point us to to get more information.

0:23:32.710 --> 0:23:35.940

AGR - 2nd Floor Conference Room

Since you're working through farmers who are selling the city together.

0:23:36.820 --> 0:23:41.90

AGR - 2nd Floor Conference Room

If folks are breeding agencies and selling them to other commerce they are seeing.

0:23:42.760 --> 0:23:56.0

AGR - 2nd Floor Conference Room

So packaging isn't this could also be like a girl that, yes, yes. So I well, Steve's talking, I got the definition.

So distributor is means a person who purchases, repackages and sells seats.

0:23:57.610 --> 0:24:7.940

AGR - 2nd Floor Conference Room

Yeah, I mean the the sort of the the basis of the seed regulation is a consumer protection measure. So that farmers.

0:24:8.630 --> 0:24:9.810

AGR - 2nd Floor Conference Room

Have some protection.

0:24:10.900 --> 0:24:13.120

AGR - 2nd Floor Conference Room

On the seat they bought, you know, so they're not.

0:24:14.290 --> 0:24:22.20

AGR - 2nd Floor Conference Room

Purchasing currency and getting something else. You know that that's what it's called. Based on that, there's a lot, you know, that the arena.

0:24:23.220 --> 0:24:32.980

AGR - 2nd Floor Conference Room

Questions and concerns about seed, especially treated seed of spam with a lot, since that will always written. So we've got a lot of things we've got to add to it to get more that makes sense.

0:24:35.740 --> 0:24:39.990

AGR - 2nd Floor Conference Room

And I'll put that the law right there and I can put that link in the chat.

0:24:41.180 --> 0:24:41.770

AGR - 2nd Floor Conference Room  
Distance.

0:24:42.530 --> 0:24:44.40

AGR - 2nd Floor Conference Room  
Well, it's probably best to work with you.

0:24:45.810 --> 0:25:2.570

AGR - 2nd Floor Conference Room

But yeah, so we're, yeah, we're required someone to assist and we don't register. Just to clarify, we don't register retail locations like freaking mortar stores that sell seeds. We do not. We also do not register C products specifically.

0:25:3.810 --> 0:25:30.620

AGR - 2nd Floor Conference Room

That doesn't mean we don't collect information about C products. We do. We do have we have three reports in total that the agency works on annually, but is the tonnage report which is based on sale of seeds. One is the GE or the genetically engineered report, which includes the type of seed and the trades associated with that JEC. And then there's the treated seed report which we collect information about types of seeds and whether the seeds treated or untreated at this point.

0:25:34.460 --> 0:25:35.680

AGR - 2nd Floor Conference Room  
OK, OK.

0:25:36.510 --> 0:25:39.580

AGR - 2nd Floor Conference Room

Any questions about anything else you definitely update?

0:25:40.500 --> 0:25:49.520

AGR - 2nd Floor Conference Room

Now that's the that's the major one. OK, why don't you come up here? Table to Mr. We're gonna do the farmer survey. That's gonna be a lot of back and forth. So for.

0:25:51.170 --> 0:25:53.630

AGR - 2nd Floor Conference Room

So these questions.

0:25:54.630 --> 0:25:58.600

AGR - 2nd Floor Conference Room

Nothing from that. So the next item on the agenda is the farmer survey.

0:25:59.360 --> 0:25:59.870

AGR - 2nd Floor Conference Room

Uh.

0:26:0.950 --> 0:26:2.970

AGR - 2nd Floor Conference Room

Which, if you recall.

0:26:3.780 --> 0:26:12.320

AGR - 2nd Floor Conference Room

From the last meeting we, you know, one of the responsibilities of the board is to conduct a survey model, farm. A farm is a farmer in every county in.

0:26:13.140 --> 0:26:28.190

AGR - 2nd Floor Conference Room

So they want to get a wide distribution. And so we have prepared a draft of that and it was circulated to board members for comment. We really have two things we gotta decide today. First of all, make sure everybody's happy with the.

0:26:29.460 --> 0:26:33.970

AGR - 2nd Floor Conference Room

Survey itself and then talk about how to distribute.

0:26:35.680 --> 0:26:42.610

AGR - 2nd Floor Conference Room

So we'll probably we'll do the let's talk about the survey itself 1st and see if anybody has any comments.

0:26:43.390 --> 0:26:44.900

AGR - 2nd Floor Conference Room

Uh on it?

0:26:47.400 --> 0:26:51.150

AGR - 2nd Floor Conference Room

So First off, I want to say thank you for all that provided service here.

0:26:52.510 --> 0:27:5.320

AGR - 2nd Floor Conference Room

I think actually integrated all of them. The only thing I did not do which like would come into that more than one person who made this comment is the I've been farm question. So I just wanted to tease that out a little bit more.

0:27:7.50 --> 0:27:9.930

AGR - 2nd Floor Conference Room

With respect to and Steve just mentioned that it's based on.

0:27:11.20 --> 0:27:16.770

AGR - 2nd Floor Conference Room

We have to collect information from a farmer in every county, so that's why the questions in here.

0:27:19.80 --> 0:27:19.890

AGR - 2nd Floor Conference Room

And.

0:27:22.110 --> 0:27:31.320

AGR - 2nd Floor Conference Room

The question that was posed in the comments was whether or not we wanted to make this a multi choice or the ability to answer for multiple counties.

0:27:32.640 --> 0:27:43.800

AGR - 2nd Floor Conference Room

And I don't know the answer to that. I was thinking we would just choose the Home Farm location rather than a farmer being able to choose multiple counties. That would be more representative of a farmer from each.

0:27:44.460 --> 0:27:56.570

AGR - 2nd Floor Conference Room

County or or maybe it's the opposite at it, but it's your service, so I'll let you all decide. But that's the question here on this particular one. And we can make it multiple you can answer.

0:27:57.740 --> 0:28:5.190

AGR - 2nd Floor Conference Room

Multiple counties, if we want, we can provide the multi answer option here to bottom but.

0:28:7.270 --> 0:28:9.200

AGR - 2nd Floor Conference Room

Curious, how do folks feel about that?

0:28:10.920 --> 0:28:12.520

AGR - 2nd Floor Conference Room

So I'm a farmer and I have.

0:28:13.220 --> 0:28:22.570

AGR - 2nd Floor Conference Room

Farmed land and the farm operations into counties and two counts. Yeah, in Orange and Windsor, and it's about 5050. We raised our happens and entered 1000.

0:28:24.430 --> 0:28:25.870

AGR - 2nd Floor Conference Room

Umm and I'm.

0:28:27.650 --> 0:28:29.960

AGR - 2nd Floor Conference Room

The management all the same, I don't know.

0:28:30.860 --> 0:28:37.270

AGR - 2nd Floor Conference Room

Like you could she wanna home phone? Is that even the right terminology? Using the term Home Farm?

0:28:39.590 --> 0:28:57.420

AGR - 2nd Floor Conference Room

Well, I hear the main farm is so we we've integrated too farms. So me and my partner like he grew up,

that's where mild part. He grew up on his grandfather's farm now down the road it's Sharon or in Stratford and live on my farm. There's an edge farm, but it's all one operation, it's a partnership.

0:28:58.350 --> 0:29:4.880

AGR - 2nd Floor Conference Room

So it depends on who you ask, and he would probably say that that's his Home Farm pretty good. Well, that's just happens so.

0:29:7.580 --> 0:29:14.850

AGR - 2nd Floor Conference Room

So so we could both answer. We could both answer the question, but we could both at separate farmers. If it's one business, but.

0:29:16.360 --> 0:29:20.640

AGR - 2nd Floor Conference Room

Because then yeah, because that that actually made me go back a little bit the survey.

0:29:21.980 --> 0:29:30.210

AGR - 2nd Floor Conference Room

And would you share the same farm name? Yeah, we have the same. I mean, I only one of us was really answer. I mean it's one farm operation. Everything was falling into.

0:29:32.220 --> 0:29:33.150

AGR - 2nd Floor Conference Room

Who's the operator?

0:29:33.810 --> 0:29:34.280

AGR - 2nd Floor Conference Room

But that's.

0:29:35.410 --> 0:29:38.530

AGR - 2nd Floor Conference Room

The operators the LC right, OK.

0:29:58.670 --> 0:30:0.0

Samantha Alger

Probably more so on the website.

0:30:0.80 --> 0:30:0.950

Samantha Alger

It's possible.

0:29:39.890 --> 0:30:1.850

AGR - 2nd Floor Conference Room

Uh, so you could say primary operator, maybe I would think multiple answer makes sense cause it yeah, it would make sense to catch. It's one thing if you got a little little sliver bigger, bigger which they're all doing. Yeah. Is that like the chance to spill over from one country that's pretty high and probably more so on the website to save the east side still depends like and the way the River Valley it's like.

0:30:2.540 --> 0:30:4.600

AGR - 2nd Floor Conference Room

Orange counties right there and those counties right there.

0:30:5.440 --> 0:30:6.430

Samantha Alger

We're going right there.

0:30:7.90 --> 0:30:7.650

Samantha Alger

They're really.

0:30:7.100 --> 0:30:11.760

AGR - 2nd Floor Conference Room

Does it really matter an individual's name, or can you just sort of like a microphone?

0:30:12.770 --> 0:30:18.410

AGR - 2nd Floor Conference Room

Operation or business or something that maybe streamline it a little bit?

0:30:21.940 --> 0:30:26.600

AGR - 2nd Floor Conference Room

I'm not. I don't think it's not. I don't think it's someone I think it's fixed.

0:30:29.70 --> 0:30:36.520

AGR - 2nd Floor Conference Room

OK, so we went back. Sorry we were having a conversation. Should we just use farm name and not ask for operator name?

0:30:37.820 --> 0:30:43.970

AGR - 2nd Floor Conference Room

The last name, if we eliminate those questions, I think the operator name is fine. I mean cause like whoever's answering.

0:30:45.20 --> 0:30:48.820

AGR - 2nd Floor Conference Room

Question. Don't worry, I think the county question is a little bit.

0:30:50.240 --> 0:30:58.370

AGR - 2nd Floor Conference Room

Just leave it open. I think multiples multiple. OK, so I made that motion. Yeah, that's they got multiple answers. So you can.

0:30:59.650 --> 0:31:0.100

AGR - 2nd Floor Conference Room

OK.

0:31:1.450 --> 0:31:9.560

AGR - 2nd Floor Conference Room

Cool. So now I'm gonna back up a little bit more because there was actually comments made on the introduction here as well.

0:31:11.80 --> 0:31:13.190

AGR - 2nd Floor Conference Room

So there's a bit of a charge. The charge of the.

0:31:13.920 --> 0:31:16.360

AGR - 2nd Floor Conference Room

The ideas and the top there and then.

0:31:17.800 --> 0:31:24.560

AGR - 2nd Floor Conference Room

The next paragraph down the results of the survey were reported in aggregate to the General Assembly that's actually outlined in the law.

0:31:26.540 --> 0:31:56.370

AGR - 2nd Floor Conference Room

We will not. This is the added sentence. Answers will not be attributed to any person or operation, so we will report an aggregate again, just so that folks know that because the reason we're asking for identifying information is because this is an annual survey and I think it'd be nice to have data and have the same 5 mean granted voluntary. But to have the same farms and make outreach to the same farms year over year so that we can gather data and changes in practices over time. That's why I'm asking for. That's why this survey.

0:31:56.530 --> 0:31:59.420

AGR - 2nd Floor Conference Room

Includes farm operator and.

0:32:0.770 --> 0:32:3.650

AGR - 2nd Floor Conference Room

And the name of the farm and in the in the survey.

0:32:4.700 --> 0:32:9.980

AGR - 2nd Floor Conference Room

So that's that's why it's in there. But we're not gonna report it that way. And then there's a protection in state law.

0:32:11.130 --> 0:32:18.520

AGR - 2nd Floor Conference Room

Regarding voluntary surveys and what we're required to share with so, so somebody have any questions or comments on that or?

0:32:21.450 --> 0:32:22.500

AGR - 2nd Floor Conference Room

Moving down.

0:32:27.890 --> 0:32:33.160

AGR - 2nd Floor Conference Room

You got added some changes here. Folks will remember what they commented on. So please feel free to stop me on any question.

0:32:35.280 --> 0:32:36.790

AGR - 2nd Floor Conference Room

So I included.

0:32:38.740 --> 0:32:45.570

AGR - 2nd Floor Conference Room

Something here I can't remember. I think it was, you know, reduce impacts on Don target species and mean the pollinators.

0:32:48.540 --> 0:32:53.380

AGR - 2nd Floor Conference Room

And then the reducing the amount of pesticides that entered the soil or water doesn't addition as well.

0:32:55.50 --> 0:33:8.460

AGR - 2nd Floor Conference Room

And then in many instances, we try to create an opportunity for someone to either have a bigger reason or to affirmatively say, like, I'm not gonna reduce it. You know, this is this is what I this is my choice. I'm done, you know, and the thing.

0:33:10.980 --> 0:33:18.450

AGR - 2nd Floor Conference Room

So we have IPM principals and practices or strategies. We provided the definition of IPM federal law.

0:33:22.150 --> 0:33:25.400

AGR - 2nd Floor Conference Room

Jesus question based on Steve Bannon's comment earlier today.

0:33:26.380 --> 0:33:28.240

AGR - 2nd Floor Conference Room

I'll just strategies that you might use.

0:33:30.230 --> 0:33:33.890

AGR - 2nd Floor Conference Room

Cultural practices doesn't seem any time. Ohh, and adding weather monitoring.

0:33:35.120 --> 0:33:36.0

AGR - 2nd Floor Conference Room

Mary had a matter.

0:33:36.890 --> 0:33:38.70

AGR - 2nd Floor Conference Room

That's on that question.

0:33:39.50 --> 0:33:44.440

AGR - 2nd Floor Conference Room

Is that a multiple answer? Yes. So it's like all of them, yes, they are multiple answer.

0:33:48.300 --> 0:34:11.440

AGR - 2nd Floor Conference Room

There's also. I just want to say there is a little bit of logic in here and you're not gonna see it in this particular on the side of the review process, but it when you when it will check and make sure I'll have folks tested in house. But when you answer the survey, if you answered question #6 and say yes, then it kicks you to the question of what practices you use. If you say no, then it keeps you further down the survey. So that's the only thing that's the only question that has.

0:34:17.640 --> 0:34:23.450

AGR - 2nd Floor Conference Room

Ohh yeah, what what would encourage you to practice our payment principles in 2023? Select all that apply.

0:34:24.530 --> 0:34:32.690

AGR - 2nd Floor Conference Room

We include I so social marketing and then a little kind of explanation of what that is and I'm interested in folks opinion, this is a little bit of.

0:34:33.960 --> 0:34:41.140

AGR - 2nd Floor Conference Room

Thinking about how to present it where you can market your products because you use a particular kind of practice, that's.

0:34:42.30 --> 0:34:47.790

AGR - 2nd Floor Conference Room

But it's meant by this option here, social marketing influencing people's behavior for society's benefit.

0:34:48.480 --> 0:34:51.750

AGR - 2nd Floor Conference Room

Account this you know publication, but these folks.

0:34:52.790 --> 0:34:53.230

AGR - 2nd Floor Conference Room

Ohh.

0:34:54.50 --> 0:35:1.360

AGR - 2nd Floor Conference Room

Is there another way of saying that? Does that make sense? Is it not? Is it? Is it valid? Should it be in the survey?

0:35:3.590 --> 0:35:7.380

AGR - 2nd Floor Conference Room

What's the distinction between that and group access to markets?

0:35:8.180 --> 0:35:18.180

AGR - 2nd Floor Conference Room

We don't. I mean is in, would that be included in improved access? I don't think so. I feel like a good example might be red tomato won't buy apples that have had.

0:35:19.440 --> 0:35:34.660

AGR - 2nd Floor Conference Room

Harborough used the thinner, so that's like how you can access that market, use a different thinner. This I think is a way that you can use your. It's I can say associated with all my products that I did that I used IBM.

0:35:35.840 --> 0:35:36.660

AGR - 2nd Floor Conference Room

Right. OK.

0:35:37.640 --> 0:35:39.580

AGR - 2nd Floor Conference Room

That's not the same as value added.

0:35:42.810 --> 0:35:53.670

AGR - 2nd Floor Conference Room

I don't think so. I don't think so. I think it's it's more remarketing. But I yeah, because I consider organic value, I mean I I hear I understand that organic certification is a value added.

0:35:55.270 --> 0:35:57.0

AGR - 2nd Floor Conference Room

Marketing tool as well so.

0:35:57.850 --> 0:35:59.580

AGR - 2nd Floor Conference Room

We couldn't if that's more common.

0:36:0.340 --> 0:36:0.760

AGR - 2nd Floor Conference Room

Is that?

0:36:1.710 --> 0:36:7.840

AGR - 2nd Floor Conference Room

Again, I personally have never heard anything social marketing that. No, that's that's when I was in the rest of that behind it would not.

0:36:8.680 --> 0:36:12.960

AGR - 2nd Floor Conference Room

Through your mind, right? Yeah. OK. I don't. Steve also has.

0:36:13.800 --> 0:36:14.120

AGR - 2nd Floor Conference Room

OK.

0:36:15.440 --> 0:36:16.70

AGR - 2nd Floor Conference Room

Yeah, go ahead.

0:36:15.480 --> 0:36:20.410

Steve Schubart (Guest)

Umm yeah, just sounds like another way to say it might be just market differentiation.

0:36:21.750 --> 0:36:23.0

AGR - 2nd Floor Conference Room

OK, there you go.

0:36:26.90 --> 0:36:29.700

AGR - 2nd Floor Conference Room

That that does that term makes sense, yes. Yeah, that's very common.

0:36:30.350 --> 0:36:31.760

AGR - 2nd Floor Conference Room

That makes sense for me, but that's why.

0:36:33.870 --> 0:36:35.820

AGR - 2nd Floor Conference Room

I don't know the spelling your way.

0:36:35.900 --> 0:36:36.220

AGR - 2nd Floor Conference Room

100.

0:36:36.300 --> 0:36:42.130

AGR - 2nd Floor Conference Room

Yeah, that's what I deal with live with an audience.

0:36:44.180 --> 0:36:45.290

AGR - 2nd Floor Conference Room

Cool, alright.

0:36:47.150 --> 0:36:48.930

AGR - 2nd Floor Conference Room

If you use treated seed.

0:36:50.330 --> 0:36:50.910

AGR - 2nd Floor Conference Room

Common there.

0:36:51.410 --> 0:36:56.210

AGR - 2nd Floor Conference Room

Umm. Which kind do you use?

0:36:58.920 --> 0:36:59.230

AGR - 2nd Floor Conference Room

Alright.

0:37:3.440 --> 0:37:4.20

AGR - 2nd Floor Conference Room

Uh.

0:37:5.230 --> 0:37:10.440

AGR - 2nd Floor Conference Room

Yeah, actually this this right before meeting and so.

0:37:12.860 --> 0:37:13.790

AGR - 2nd Floor Conference Room

There's the.

0:37:14.700 --> 0:37:24.980

AGR - 2nd Floor Conference Room

The type of treatment that's protective, which I think includes the NEONET treated city and should I spell neonicotinoid out? Probably yes, I'll do that, but not live.

0:37:26.200 --> 0:37:28.690

AGR - 2nd Floor Conference Room

Fungicide in.

0:37:30.90 --> 0:37:51.390

AGR - 2nd Floor Conference Room

Insecticide. I'm sure there are other kind of protections, but then there's an accumulation bio, stimulant treated or other treated and you can indicate below. There's actually multiple kinds, but I didn't list all of them here and not the other insecticide treatments you know that are non the onic and I believe there's a few at least one they are. They're not very common. Not one right.

0:37:52.700 --> 0:37:54.150

AGR - 2nd Floor Conference Room

Yeah. Cover crop seed through.

0:37:57.770 --> 0:38:1.960

AGR - 2nd Floor Conference Room

Wasn't approved. You can. You can still use that in in Vermont.

0:38:2.560 --> 0:38:9.630

AGR - 2nd Floor Conference Room

Thank you. You're not making the application run. It was treated for the store. Gotcha. That makes sense.

0:38:12.290 --> 0:38:14.40

AGR - 2nd Floor Conference Room

Yeah, it's only question I would have is because.

0:38:14.810 --> 0:38:27.930

AGR - 2nd Floor Conference Room

You're making very specific statement around the insecticide, but not the fungicide and and whether or

not there's others. But it seems like many even exceed as what's a. It's what's in the elbow legislation.  
All the discussion is and I'm not.

0:38:28.900 --> 0:38:29.660

AGR - 2nd Floor Conference Room  
Uh.

0:38:30.950 --> 0:38:31.550

AGR - 2nd Floor Conference Room  
It makes sense.

0:38:32.540 --> 0:38:33.30

AGR - 2nd Floor Conference Room  
Like that.

0:38:37.570 --> 0:38:52.470

AGR - 2nd Floor Conference Room  
And that's a multi answer. It is a multi answer and there's an opportunity to put an other. So even if I didn't capture it that you folks could type that in, you know what I'd be interested in knowing don't know. Yes. Yeah.

0:38:53.140 --> 0:38:59.710

AGR - 2nd Floor Conference Room  
I've been try it would not be surprised to be quite a few answers stuff that will be that will be good information.

0:39:1.820 --> 0:39:2.860

AGR - 2nd Floor Conference Room  
Don't know.

0:39:3.560 --> 0:39:4.830

AGR - 2nd Floor Conference Room  
But treatment, right?

0:39:7.110 --> 0:39:9.0

AGR - 2nd Floor Conference Room  
So we need to make that formatic I don't know.

0:39:10.440 --> 0:39:10.760

AGR - 2nd Floor Conference Room  
Yeah.

0:39:19.800 --> 0:39:22.200

AGR - 2nd Floor Conference Room  
And I will spell out music tonight.

0:39:26.430 --> 0:39:38.400

AGR - 2nd Floor Conference Room

Alright, yeah. If you could purchase a fungicide only treated seed and this might not be an appropriate question, would you? Because I now I'm making a value or this question makes a value judgment on.

0:39:39.520 --> 0:39:55.350

AGR - 2nd Floor Conference Room

Underside being the most important and and I don't curious if others feel that way or if there's a different kind of question I should be asking. Yeah, I shouldn't my mouth all the time but I don't know that it's that the function is more important. I think it's almost the question is if you could purchase.

0:39:56.280 --> 0:40:6.400

AGR - 2nd Floor Conference Room

No, I don't know how you treated well. No, it's not. Not necessarily untreated, because what if you want the fungicide but you choose to forgo the neonet, right?

0:40:7.540 --> 0:40:11.830

AGR - 2nd Floor Conference Room

We could rank. You have the ability to do ranked answers.

0:40:14.730 --> 0:40:29.740

AGR - 2nd Floor Conference Room

So if you could say if you could purchase fungicide if you could purchase treated seed without the use of neonicotinoid insecticides, cause that's what they're getting at it would you like that's that's, that's the question. Yeah. A lot of people would want their thiram. OK. Makes sense.

0:40:30.540 --> 0:40:35.440

AGR - 2nd Floor Conference Room

But they may not want to go back, and that's pretty straightforward. That would be that would.

0:40:36.300 --> 0:40:39.630

AGR - 2nd Floor Conference Room

Uh, you could purchase treated seed without me or nicotinamide.

0:40:40.960 --> 0:40:41.780

AGR - 2nd Floor Conference Room

Without anything.

0:40:45.330 --> 0:41:6.730

AGR - 2nd Floor Conference Room

And I wonder how many people would like to be able to have that the menu of things of treatments that they could get and be like. I want this, but not bad. You know, the three or four or five or right things you could get on. How do you think the seed companies would handle that one custom, custom. It wouldn't be done just nationally. That would be untreated. See coming here and you're dealers would have to do all that.

0:41:8.110 --> 0:41:11.130

AGR - 2nd Floor Conference Room

Is there an option anywhere in the survey about Untriggered sea?

0:41:12.150 --> 0:41:12.610

AGR - 2nd Floor Conference Room  
Alarm.

0:41:13.610 --> 0:41:17.620

AGR - 2nd Floor Conference Room  
Yeah. Do you use after your? Can you? Would you use treat untreated seed or?

0:41:17.700 --> 0:41:22.670

AGR - 2nd Floor Conference Room  
Yeah, exactly to say that, but I don't have an untreated seat question.

0:41:25.190 --> 0:41:27.160

AGR - 2nd Floor Conference Room  
Look, I'm gonna go back up here.

0:41:28.900 --> 0:41:35.730

AGR - 2nd Floor Conference Room  
If you could purchase a treated seed without a neonicotinoid, spell it out, see treatment, would you?

0:41:37.680 --> 0:41:46.340

AGR - 2nd Floor Conference Room  
And then I have we have the opportunity to elaborate and the other location and then I was I just heard custom seed and I was wondering do we wanna ask?

0:41:46.990 --> 0:41:48.180

AGR - 2nd Floor Conference Room  
That question about.

0:41:48.850 --> 0:41:49.840

AGR - 2nd Floor Conference Room  
If you could get.

0:41:50.760 --> 0:42:7.350

AGR - 2nd Floor Conference Room  
Custom sea treatment. I think the likelihood of that happening is very slim. Well, the weapon being actual possibility of some, but whether or would like it? Sure question. I mean you might like it, but that doesn't. That's not gonna make it. Yeah, yeah, yeah. But that is that something.

0:42:8.730 --> 0:42:9.710

AGR - 2nd Floor Conference Room  
It is available.

0:42:10.630 --> 0:42:14.810

AGR - 2nd Floor Conference Room  
It's gonna being all the time trip, a custom treatment.

0:42:15.520 --> 0:42:16.60

AGR - 2nd Floor Conference Room  
Yeah.

0:42:18.350 --> 0:42:20.590

AGR - 2nd Floor Conference Room  
I see the addressed no chair. Yeah.

0:42:20.740 --> 0:42:22.370

AGR - 2nd Floor Conference Room  
The numbers though, like that.

0:42:23.220 --> 0:42:25.390

AGR - 2nd Floor Conference Room  
Actually, I think that's a new question, yeah.

0:42:26.400 --> 0:42:31.290

AGR - 2nd Floor Conference Room  
I just put it as a placeholder because it would be something in the same one who put some effort behind. Umm yeah.

0:42:33.20 --> 0:42:41.800

AGR - 2nd Floor Conference Room  
Even that happened, right? Well, that's really exactly the purpose of the war. Like recommendations like that, we find out that something.

0:42:42.620 --> 0:42:47.440

AGR - 2nd Floor Conference Room  
Everything goes. Look, we were supposed to make or the board supposed to make policy recommendations.

0:42:48.920 --> 0:42:54.370

AGR - 2nd Floor Conference Room  
Regarding the subject, so if the policy recommendation is English, a lot of support for this.

0:42:55.680 --> 0:43:3.990

AGR - 2nd Floor Conference Room  
But what would it take to make it happen? You know, my my opinion like, you know, knowing the water, conventional farmers buy treated seeds are most similar.

0:43:6.240 --> 0:43:8.950

AGR - 2nd Floor Conference Room  
Probably not, but but something something.

0:43:10.760 --> 0:43:14.130

AGR - 2nd Floor Conference Room  
Ohh I'd be interested. Yeah, but it's information we can use right for the board.

0:43:15.200 --> 0:43:16.280

AGR - 2nd Floor Conference Room

Is what she's all about.

0:43:17.810 --> 0:43:26.970

AGR - 2nd Floor Conference Room

And this is going to all farmers vegetables. Well, we're gonna talk about that next about how we're going to distribute it to make sure we get the information. Yeah, it's not just.

0:43:29.840 --> 0:43:30.230

AGR - 2nd Floor Conference Room

Yes.

0:43:31.220 --> 0:43:36.90

AGR - 2nd Floor Conference Room

So I'm gonna go back up here and I'm gonna take this question or this answer away.

0:43:37.160 --> 0:43:38.950

AGR - 2nd Floor Conference Room

I think this question.

0:43:39.800 --> 0:43:42.590

AGR - 2nd Floor Conference Room

Accurate except for spelling out me and make it to noise.

0:43:44.310 --> 0:43:50.880

AGR - 2nd Floor Conference Room

And then we added this question if you could obtain a custom sea treatment with this interest to you, yes, no, don't know.

0:43:52.440 --> 0:44:1.460

AGR - 2nd Floor Conference Room

And then should we want an untreated seed question? And what's the question? Yeah, I think we take out the nonionic treated seed.

0:44:2.510 --> 0:44:5.130

AGR - 2nd Floor Conference Room

OK, so the general this is just a general question.

0:44:7.910 --> 0:44:8.320

AGR - 2nd Floor Conference Room

I mean.

0:44:9.250 --> 0:44:9.520

AGR - 2nd Floor Conference Room

Well.

0:44:10.580 --> 0:44:13.690

AGR - 2nd Floor Conference Room

Hurry up. The rest of the board to weigh in here. But.

0:44:14.670 --> 0:44:18.740

AGR - 2nd Floor Conference Room

I think that's kind of a confusing question after all the other things OK.

0:44:21.110 --> 0:44:26.850

AGR - 2nd Floor Conference Room

So there's a thought #12 if you make that a multiple choice and you put in a couple options.

0:44:26.930 --> 0:44:41.880

AGR - 2nd Floor Conference Room

And non nicotine. Alright, see. But if you had an operative treatment that did the same thing versus just mean nobody really wants to pay for something they don't need. But there's obviously, you know, there's the reason that stuff is getting used.

0:44:43.30 --> 0:44:49.80

AGR - 2nd Floor Conference Room

OK, so we changed #12 into a multi choice. Question is.

0:44:50.630 --> 0:44:52.980

AGR - 2nd Floor Conference Room

Something like what is your preferred seed treatment?

0:44:55.610 --> 0:45:3.190

AGR - 2nd Floor Conference Room

I what I see here is a question that gets to either policy or education like.

0:45:4.280 --> 0:45:7.340

AGR - 2nd Floor Conference Room

It's obvious in the legislation that there's an interest in.

0:45:8.70 --> 0:45:24.400

AGR - 2nd Floor Conference Room

Moving people away from me on the sea treatments. So what's it gonna take to do that? Give them another option. Give him another another material on the on the seed. The other one, I would say, is effective IPM protocols, effective scouting methods or something like that to determine the need to use.

0:45:25.170 --> 0:45:27.240

AGR - 2nd Floor Conference Room

What else we got? Yeah, the other ones.

0:45:29.810 --> 0:45:34.780

AGR - 2nd Floor Conference Room

You know, you might wanna think about panic farmers they don't use.

0:45:35.630 --> 0:45:42.220

AGR - 2nd Floor Conference Room

Fungicides, or neo, necks. You might have a sorting question that says.

0:45:43.10 --> 0:46:2.980

AGR - 2nd Floor Conference Room

You know, are you using fungicides or near noise treatments right now? And if no, then they can skip to a lower heart because you could even say, do you only use organic seeds or something and that'll take out all those questions because because you might lose them, they might say this isn't for me and just stop doing the survey.

0:46:3.70 --> 0:46:8.820

AGR - 2nd Floor Conference Room

I agree with that and it might also rule out those that can use it and not use it.

0:46:9.670 --> 0:46:10.890

AGR - 2nd Floor Conference Room

Versus those that.

0:46:12.80 --> 0:46:20.790

AGR - 2nd Floor Conference Room

That use it by choice or use it by not choice. That's true, because then you're gonna get a bunch of organic that's gonna few information one way or the other.

0:46:22.870 --> 0:46:37.510

AGR - 2nd Floor Conference Room

But they do use sea trimmings. They use teletext seed and you know, documentation and doctorate. But if you say, do you use only organic seed, then you can drop all the fungicide and such as like questions out. OK so #9.

0:46:38.340 --> 0:46:39.410

AGR - 2nd Floor Conference Room

It's for everybody.

0:46:40.670 --> 0:46:52.620

AGR - 2nd Floor Conference Room

Alright, would say not even your exceeded because you could be organic and not use organic seed. If you don't have any choice. Yeah. So but it may be. Are you using organic organic?

0:46:53.310 --> 0:47:9.100

AGR - 2nd Floor Conference Room

Protocols or are you producing organic product or something? Well, you could ask if there's certified organic right. You could say do, but that would be because I'm a certified organic. You can't use treating seed regardless, but you can use non organic seeds. Yeah, if there's not an organic.

0:47:9.970 --> 0:47:29.540

AGR - 2nd Floor Conference Room

Option available so so like the if the rise available organic annoying you have these organic but variety

that you want is only available down organic. You have to get it treated OK. Right. OK. So #8 then just yeah do you are you is your farm certified organic or do you only farm your certified organic.

0:47:30.470 --> 0:47:33.960

AGR - 2nd Floor Conference Room

So trying to get a sense you want split firms can split. Firms would jump past the question.

0:47:35.160 --> 0:47:39.770

AGR - 2nd Floor Conference Room

But the the big one on that is that a lot of organic farms are currently using.

0:47:40.740 --> 0:47:55.50

AGR - 2nd Floor Conference Room

Non organic brain treatment seed for cover ground cherries. The cover got flowers. Yeah. Yeah. And then there's a lot of varieties that just aren't available, right? Right. But like the cover crops because you're not harvesting as in organic Chrome often doesn't have so.

0:47:55.890 --> 0:48:0.280

AGR - 2nd Floor Conference Room

It's not. It's not required for organic certification to be certified organic, but there's a.

0:48:1.350 --> 0:48:4.10

AGR - 2nd Floor Conference Room

Leeway there. That's not, you know, quickly.

0:48:5.490 --> 0:48:6.160

AGR - 2nd Floor Conference Room

OK.

0:48:7.70 --> 0:48:12.880

AGR - 2nd Floor Conference Room

And it depends when you order, because if you do later this evening, sometimes you just talk about it. Yeah, OK.

0:48:13.670 --> 0:48:17.780

AGR - 2nd Floor Conference Room

So it's that I have question 9 after 8.

0:48:19.110 --> 0:48:19.650

AGR - 2nd Floor Conference Room

Like, yeah.

0:48:20.710 --> 0:48:21.820

AGR - 2nd Floor Conference Room

That's everybody. Thanks.

0:48:23.50 --> 0:48:41.680

AGR - 2nd Floor Conference Room

I think so. Yeah. So are you a or a certified organic operation? That's correct. Question. Is that the

question? And then there's branching. If you say, and I'm gonna have to sketch this out. So not gonna we don't have time. So bear with me so.

0:48:43.80 --> 0:48:45.720

AGR - 2nd Floor Conference Room

If you answer yes.

0:48:46.490 --> 0:48:48.500

AGR - 2nd Floor Conference Room

Then we skipped to.

0:48:49.940 --> 0:48:53.160

AGR - 2nd Floor Conference Room

Not talking about treated seed and it treated.

0:48:53.870 --> 0:48:54.610

AGR - 2nd Floor Conference Room

Custom.

0:48:55.480 --> 0:49:0.460

AGR - 2nd Floor Conference Room

Custom question we would want organic certified organic operators to answer.

0:49:1.620 --> 0:49:10.930

AGR - 2nd Floor Conference Room

I would say custom pesticide treatment because we're not concerned about one that they're using inoculant. I don't think in terms of this in terms of the intent of this, there's some.

0:49:12.470 --> 0:49:17.640

AGR - 2nd Floor Conference Room

Some treatments, I think they're like a biostimulants sort of treatment. That's, yeah, before going production.

0:49:21.460 --> 0:49:23.140

AGR - 2nd Floor Conference Room

It's beating considered the pesticide.

0:49:24.830 --> 0:49:25.560

AGR - 2nd Floor Conference Room

You have the BT.

0:49:26.980 --> 0:49:41.800

AGR - 2nd Floor Conference Room

Well, you can add BT as a as she treat the C treatment box in the box in the box. You're not buying it, that's different cause they're talking about making a treatment as opposed to buying the tree seeding treated. Yeah. Yeah. We're not asking them. Treat your own.

0:49:44.360 --> 0:49:49.290

AGR - 2nd Floor Conference Room

This question I just added pesticide to this question. Is this a question for organic produce?

0:49:51.90 --> 0:49:54.140

AGR - 2nd Floor Conference Room

And I I just don't know, so I apologize. I don't know what I mean.

0:49:55.610 --> 0:50:16.990

AGR - 2nd Floor Conference Room

I grow a lot of we're gonna crush, but I don't know if there is a I don't use a pesticide, so I don't know if there might be someone who's working on and organically approved pesticides feature that I don't know about. I haven't heard of 1 saying that it doesn't exist. You know, I haven't heard. I don't think so. I don't. I don't be surprised. But I mean, I know that people have worked on.

0:50:18.790 --> 0:50:30.290

AGR - 2nd Floor Conference Room

I found really interesting things before. OK, well, that's. So I'm not gonna. This won't be for organic. Then we'll just right. I would say OK. And then the next one is OK. You're not not that one.

0:50:31.110 --> 0:50:36.330

AGR - 2nd Floor Conference Room

OK, so now you get to 14, correct. OK. So organic, yes, is supposed to 14.

0:50:37.180 --> 0:50:40.380

AGR - 2nd Floor Conference Room

And then for other folks.

0:50:40.940 --> 0:50:41.690

AGR - 2nd Floor Conference Room

Umm.

0:50:42.900 --> 0:50:44.30

AGR - 2nd Floor Conference Room

The answer no.

0:50:45.830 --> 0:51:2.370

AGR - 2nd Floor Conference Room

If you use treated seed, which time do you use? No, no, no, but just to be me. Ohh I would say yes no. And I would say I have a third one that says you know we farm both certified and non certified or something because there are split farms, OK and you don't want to.

0:51:3.490 --> 0:51:15.720

AGR - 2nd Floor Conference Room

And they would have to go back through those series of questions, right? Because it actually, I mean, I know a fair number that has, like, an organic vegetable operation. Yeah. And then also functional livestock operation with some support shared or whatever. Yeah.

0:51:16.840 --> 0:51:18.270

AGR - 2nd Floor Conference Room

Yeah, that's quite common.

0:51:18.840 --> 0:51:22.420

AGR - 2nd Floor Conference Room

Which now I think I want you to question that we're dynamic.

0:51:25.10 --> 0:51:26.450

AGR - 2nd Floor Conference Room

It's conventional the right word.

0:51:27.580 --> 0:51:30.960

AGR - 2nd Floor Conference Room

Non organic correct number others like connectional.

0:51:35.930 --> 0:51:37.930

AGR - 2nd Floor Conference Room

And then I'll change this question.

0:51:38.940 --> 0:51:40.60

AGR - 2nd Floor Conference Room

Since your operation.

0:51:41.260 --> 0:51:45.980

AGR - 2nd Floor Conference Room

Let's talk about operation. You and I would say certified organic, yeah.

0:51:46.730 --> 0:51:48.190

AGR - 2nd Floor Conference Room

And I think that's a.

0:51:48.980 --> 0:51:53.760

AGR - 2nd Floor Conference Room

Almost organic farms most of the time you are pretty with the split farm operation right now.

0:51:55.170 --> 0:51:55.570

AGR - 2nd Floor Conference Room

OK.

0:51:58.500 --> 0:51:58.890

Steve Schubart (Guest)

I would.

0:51:56.470 --> 0:52:1.750

AGR - 2nd Floor Conference Room

Yeah, but if there's if there's split, they know it. They know what that term? Yeah, the split.

0:52:2.500 --> 0:52:28.750

AGR - 2nd Floor Conference Room

Platform means you have to you have organic operation and a non organic operation. You can't grow the same crops, right? Right. That's one broccoli. I can't grow organic broccoli and non organic properly, but I could do grow organic vegetables and have the conventional dairy and grow or you know certified or conventional field form. And so there's like keep paying buffers, OK, farm slash operation.

0:52:30.650 --> 0:52:31.440

AGR - 2nd Floor Conference Room

See go ahead.

0:52:32.530 --> 0:52:38.920

Steve Schubart (Guest)

Yeah, I would throw out there that there are farms that are operating organic and may even identify that, but not be certified.

0:52:39.600 --> 0:52:40.70

AGR - 2nd Floor Conference Room

Yeah.

0:52:40.310 --> 0:52:49.70

Steve Schubart (Guest)

Might be something to put on there and then lots of times. I've also heard the term used in 3rd party certifications, dual systems of farm management.

0:52:51.410 --> 0:52:53.150

Steve Schubart (Guest)

As another way to say Split Farm.

0:52:53.920 --> 0:52:55.60

Steve Schubart (Guest)

I don't know if that's helpful.

0:52:57.680 --> 0:53:0.190

AGR - 2nd Floor Conference Room

Bigger current thesis. Yeah. Yeah, that's good.

0:53:1.990 --> 0:53:3.780

AGR - 2nd Floor Conference Room

We wanna noncertified organic.

0:53:4.980 --> 0:53:13.970

AGR - 2nd Floor Conference Room

I still have that jump. I don't know. That doesn't maintain the integrity, does it? Well, what? What people will say is like I'm using mostly.

0:53:15.120 --> 0:53:20.790

AGR - 2nd Floor Conference Room

Organic practices doesn't mean they meet all the requirements that they're trying to follow those.

0:53:21.860 --> 0:53:22.660

Steve Schubart (Guest)

But I would argue.

0:53:21.740 --> 0:53:26.400

AGR - 2nd Floor Conference Room

It it depends, because sometimes with their markets they don't need to be certified, right.

0:53:27.200 --> 0:53:34.70

AGR - 2nd Floor Conference Room

I don't know if you want to make the people who are non certified organic, you might want to make them answer all those other questions because it's possible like.

0:53:34.860 --> 0:53:39.320

AGR - 2nd Floor Conference Room

That's the thing that keeps from being certified certified or yeah.

0:53:40.840 --> 0:53:41.600

AGR - 2nd Floor Conference Room

Like so.

0:53:42.660 --> 0:53:45.120

AGR - 2nd Floor Conference Room

That might help give you the information if you want, yeah.

0:53:46.530 --> 0:53:47.440

AGR - 2nd Floor Conference Room

I heard someone.

0:53:48.340 --> 0:53:50.500

AGR - 2nd Floor Conference Room

Virtual wanting to say something.

0:53:51.990 --> 0:53:52.510

AGR - 2nd Floor Conference Room

Yes.

0:53:51.680 --> 0:54:1.210

Steve Schubart (Guest)

I was just going to point out if we're trying to capture as many folks, I definitely run into plenty of farmers who identify as organic farmers, but they don't do the certification purely because of paperwork.

0:54:2.680 --> 0:54:2.870

AGR - 2nd Floor Conference Room

Yeah.

0:54:5.380 --> 0:54:20.330

AGR - 2nd Floor Conference Room

So certified organic will skip many questions noncertified organic, non organic and Split Farm will all answer the following questions. The ones that I've created.

0:54:26.380 --> 0:54:30.600

AGR - 2nd Floor Conference Room

To 10, I think we wordsmith this fun.

0:54:32.250 --> 0:54:32.860

AGR - 2nd Floor Conference Room

Already.

0:54:36.380 --> 0:54:39.810

AGR - 2nd Floor Conference Room

I have to spell. Yeah, I'll get there. OK, thanks.

0:54:41.430 --> 0:54:47.680

AGR - 2nd Floor Conference Room

If you could purchase treated seed without any, Anna continued seed treatment, would you? Yes, no, I don't know.

0:54:49.120 --> 0:54:49.940

AGR - 2nd Floor Conference Room

Because that one.

0:54:50.740 --> 0:55:1.110

AGR - 2nd Floor Conference Room

If you could obtain a custom pesticide sea treatment with this interest, you. Yes. No, I don't know one more back to 11. So OK, that's fine.

0:55:2.350 --> 0:55:5.180

AGR - 2nd Floor Conference Room

We add another option where they could say.

0:55:5.810 --> 0:55:21.420

AGR - 2nd Floor Conference Room

Yes, I would like that. But another insecticide option I don't know. Is that something we're trying to tease out as well is is, are people still concerned with the insecticide or is it just they don't want as much seed treatment? I I don't know you guys tell me.

0:55:23.50 --> 0:55:32.350

AGR - 2nd Floor Conference Room

So the question if you could purchase this seed treatment without and then you could see noise. Insecticide maybe. Yeah, I mean you can choose.

0:55:34.130 --> 0:55:36.990

AGR - 2nd Floor Conference Room

Uh, like treatment, don't have to repeat.

0:55:38.940 --> 0:55:47.300

AGR - 2nd Floor Conference Room

Uh people? It also points out that the Unix kernel sector side go to the next treatment, that there you go without even a condo insecticide.

0:55:49.360 --> 0:55:51.720

AGR - 2nd Floor Conference Room

You gotta remind people sometimes that that's an effective side.

0:55:52.960 --> 0:55:53.520

AGR - 2nd Floor Conference Room

Out of here.

0:56:0.480 --> 0:56:1.900

AGR - 2nd Floor Conference Room

It's like the side which you OK?

0:56:2.780 --> 0:56:9.720

AGR - 2nd Floor Conference Room

Yes. No, I don't know. And then we added, yes, but it different insecticide option.

0:56:11.790 --> 0:56:12.990

AGR - 2nd Floor Conference Room

Well, but that's we already.

0:56:13.730 --> 0:56:14.710

AGR - 2nd Floor Conference Room

By specifying the.

0:56:15.930 --> 0:56:16.200

AGR - 2nd Floor Conference Room

So.

0:56:18.150 --> 0:56:22.260

AGR - 2nd Floor Conference Room

Yes. Then you're asking for another. It's a duplicate question. OK, I'll take that up.

0:56:26.0 --> 0:56:31.480

AGR - 2nd Floor Conference Room

Then if you could obtain custom, would you? Yes, no, I don't know.

0:56:33.500 --> 0:56:34.950

AGR - 2nd Floor Conference Room

And then this one, we're going to delete.

0:56:37.360 --> 0:56:39.830

AGR - 2nd Floor Conference Room

That's three. One. Yes, it's covered, OK.

0:56:41.340 --> 0:56:54.570

AGR - 2nd Floor Conference Room

And then great, I have that mapped. Thank you. Moving on, what types of pesticides do you use and pesticides suitable for organic production on reapproved conventional or?

0:56:55.900 --> 0:57:0.500

AGR - 2nd Floor Conference Room

Non organic. I'm gonna think convention in that regard, I yeah.

0:57:2.170 --> 0:57:3.450

AGR - 2nd Floor Conference Room

So that would go forever.

0:57:4.650 --> 0:57:8.30

AGR - 2nd Floor Conference Room

Yes, this isn't everybody question question #13.

0:57:11.860 --> 0:57:13.830

AGR - 2nd Floor Conference Room

Sorry, I don't think you need to.

0:57:14.610 --> 0:57:27.830

AGR - 2nd Floor Conference Room

Change it. But it's more than Armory approved. Breaking beyond the Washington State Department of AG List or VOF can make their own as well. But I so I say, give me your example, right?

0:57:29.880 --> 0:57:31.0

AGR - 2nd Floor Conference Room

You could say W.

0:57:33.160 --> 0:57:33.480

AGR - 2nd Floor Conference Room

Yes.

0:57:35.690 --> 0:57:39.160

AGR - 2nd Floor Conference Room

Understand that that's enough and you will know that because you know.

0:57:41.290 --> 0:57:50.560

AGR - 2nd Floor Conference Room

Both organic and conventional, which kind of goes to the split farm issue, breathing even normal farms. OK, that's good to know. That's true.

0:57:51.880 --> 0:57:54.630

AGR - 2nd Floor Conference Room

And then I don't use pesticides and then I don't know.

0:57:59.130 --> 0:58:0.910

AGR - 2nd Floor Conference Room  
And then on to plastic.

0:58:3.290 --> 0:58:6.690

AGR - 2nd Floor Conference Room  
Is that gonna be in another section like another page I?

0:58:7.460 --> 0:58:15.310

AGR - 2nd Floor Conference Room  
I'm not sure I know how to do that, but I can try to figure that out. It might just be all part of the same, just one second. We'll just meet everybody.

0:58:16.800 --> 0:58:24.580

AGR - 2nd Floor Conference Room  
Yes, yes, yes. And we have to select all that apply and it is there are lots of kinds of plastic.

0:58:25.880 --> 0:58:30.730

AGR - 2nd Floor Conference Room  
Ohh yeah, look at that. Oscar. Yeah. And then I have another for in case we missed something or.

0:58:32.280 --> 0:58:33.620

AGR - 2nd Floor Conference Room  
You might add tarping.

0:58:34.510 --> 0:58:37.950

AGR - 2nd Floor Conference Room  
Yeah. Yeah. So what do you wanna call that?

0:58:39.370 --> 0:58:40.710

AGR - 2nd Floor Conference Room  
You call silage sharper.

0:58:41.90 --> 0:59:4.600

AGR - 2nd Floor Conference Room  
It's actually for weed control. Yeah, we we tarps. Yeah. We well, yeah. Like the woven ones? Yeah. They're silage towers, but they're used in a in a in a, you know, those vegetables I've seen a lot of recently as people taking cops off of their cover. All buildings, they did replace things like 15 years or so, those structures that they just were. There you go highway. OK those things are massive.

0:59:5.320 --> 0:59:5.640

AGR - 2nd Floor Conference Room  
Pardon.

0:59:6.690 --> 0:59:11.840

AGR - 2nd Floor Conference Room  
I hope you got a coupling up the pieces and get started as well. So yeah, OK, what is it called?

0:59:14.410 --> 0:59:17.330

AGR - 2nd Floor Conference Room

The structural plastic or something, yeah.

0:59:19.190 --> 0:59:24.910

AGR - 2nd Floor Conference Room

His was a coverall. Well, we have other other roulette. Yeah. Yeah. We'll let people answer the other.

0:59:27.350 --> 0:59:37.280

AGR - 2nd Floor Conference Room

Then it'll and we'll figure out what, how what people say. The thing that you trust me about it. It's like when they put them off, nobody would thought about right. The safety of people. A lot of money to put those things up and you got.

0:59:38.230 --> 0:59:45.170

AGR - 2nd Floor Conference Room

1215 years later, you gotta take that call and that's fills that upstairs and then something that it was, I mean, this was a big one, but yeah, it was it took.

0:59:46.30 --> 0:59:48.20

AGR - 2nd Floor Conference Room

Like 4 dumpsters with the plastic.

0:59:51.260 --> 1:0:3.640

AGR - 2nd Floor Conference Room

And it's relatively clean, right? It's pretty clean, but it's like it's the same material as like a part. So it's like a wolf and like white and heavier than like a blue tarp. Yeah, I think that should be discrete question because there's a lot of those.

1:0:4.960 --> 1:0:8.20

AGR - 2nd Floor Conference Room

Yeah. What do you call the burn?

1:0:8.740 --> 1:0:9.0

AGR - 2nd Floor Conference Room

Like.

1:0:9.880 --> 1:0:11.400

AGR - 2nd Floor Conference Room

Yes. So still they're buying coverage.

1:0:10.360 --> 1:0:11.510

Steve Schubart (Guest)

Overall structure.

1:0:13.70 --> 1:0:13.990

AGR - 2nd Floor Conference Room

Covered barnyards.

1:0:15.330 --> 1:0:16.380

AGR - 2nd Floor Conference Room

What's that, Steve?

1:0:17.120 --> 1:0:22.700

Steve Schubart (Guest)

I said I I cover all structure is what I I generally hear those referred to hoop barn.

1:0:23.550 --> 1:0:24.460

Steve Schubart (Guest)

Cover all structure.

1:0:23.750 --> 1:0:26.660

AGR - 2nd Floor Conference Room

That cover all fire instruction or something like that.

1:0:29.30 --> 1:0:30.350

AGR - 2nd Floor Conference Room

Burn slash structure.

1:0:31.130 --> 1:0:31.930

AGR - 2nd Floor Conference Room

Roll roofing.

1:0:34.20 --> 1:0:36.460

AGR - 2nd Floor Conference Room

Roofing. I would think of something different, yeah.

1:0:37.680 --> 1:0:40.10

AGR - 2nd Floor Conference Room

This is the sides and everything. Yeah, that's it.

1:0:41.170 --> 1:0:51.50

AGR - 2nd Floor Conference Room

Like, Oh yeah, it's flexible. Yeah. So tomorrow. Yeah. OK, alright. There we go. Thing is the polycarbonate greenhouse pants. I don't want the next step. Those things.

1:0:51.970 --> 1:1:0.80

AGR - 2nd Floor Conference Room

Yeah, probably about the same for every people. Use them for a lot longer than they should. Only get all cloudy, but I've seen a lot of those as well.

1:1:1.860 --> 1:1:3.850

AGR - 2nd Floor Conference Room

OK, Poly carbonate.

1:1:7.70 --> 1:1:11.20

AGR - 2nd Floor Conference Room

I think we have that looks pretty recyclable, but I don't think it's of course quickly.

1:1:14.860 --> 1:1:19.740

AGR - 2nd Floor Conference Room

Well, listen, I wasn't wonderful years ago. They hadn't been used in awhile, had algae growing all the inside of it.

1:1:19.810 --> 1:1:22.970

AGR - 2nd Floor Conference Room

OK. Yep, Yep, that happens.

1:1:24.730 --> 1:1:33.450

AGR - 2nd Floor Conference Room

OK, this is a multi answer. Wanna understand? Yeah. This. This one here is number 15 and then the other is #6. So the big one. That's OK.

1:1:33.570 --> 1:1:43.70

AGR - 2nd Floor Conference Room

It's alright. And then how do you manage your agricultural plastic that is used for like all that fly? Take it to the landfill trash dumpster.

1:1:44.800 --> 1:1:47.110

AGR - 2nd Floor Conference Room

Single use dumpster, maybe that's not actually.

1:1:49.130 --> 1:1:49.410

AGR - 2nd Floor Conference Room

Just.

1:1:55.650 --> 1:2:2.620

AGR - 2nd Floor Conference Room

Just like with my solid waste district or municipality sterilized and or reuse the cycle of the market.

1:2:3.90 --> 1:2:3.540

AGR - 2nd Floor Conference Room

Three years.

1:2:8.180 --> 1:2:10.70

AGR - 2nd Floor Conference Room

Dispose of on farm.

1:2:11.150 --> 1:2:13.700

AGR - 2nd Floor Conference Room

So I don't know. So there's that happens.

1:2:18.190 --> 1:2:19.280

AGR - 2nd Floor Conference Room

That's what I did so that right.

1:2:21.470 --> 1:2:28.30

AGR - 2nd Floor Conference Room

That's the last option, and then another example if you want to define market option like EG deposit or assume that's like a.

1:2:28.930 --> 1:2:31.470

AGR - 2nd Floor Conference Room

A deposit and then I don't know what is it marked option.

1:2:33.450 --> 1:2:34.510

AGR - 2nd Floor Conference Room

Selling it yourself?

1:2:36.360 --> 1:2:37.750

AGR - 2nd Floor Conference Room

So yeah, so useful.

1:2:38.450 --> 1:2:42.820

AGR - 2nd Floor Conference Room

Ohh didn't it wasn't in New York that they have a recycling program that.

1:2:44.80 --> 1:2:49.640

AGR - 2nd Floor Conference Room

You paid into the beginning and they came out and picked up their plastic. It was clean and make something out of it, right?

1:2:50.460 --> 1:2:54.180

AGR - 2nd Floor Conference Room

I I think of that like it's not like a bottle deposit kind of. Yeah, yeah.

1:2:55.110 --> 1:2:59.50

AGR - 2nd Floor Conference Room

You put trellising material because there's a lot of flats with you.

1:3:0.30 --> 1:3:4.800

AGR - 2nd Floor Conference Room

And then Charleston. Ohh. Like, like, stuff tomato clips the.

1:3:6.150 --> 1:3:17.740

AGR - 2nd Floor Conference Room

Things they use the netting they put up for the we have net netting that's well that's review. We have plastic mulch round Bale wrap, plastic nursery pots and trees, drip irrigation, taper tubing.

1:3:18.590 --> 1:3:26.470

AGR - 2nd Floor Conference Room

Green and White House cover so greenhouse for clubhouse covers, bunker silo covers, silage tubes.

1:3:28.40 --> 1:3:32.910

AGR - 2nd Floor Conference Room

Feeding pellet bags, fail netting and twine Maple tubing.

1:3:33.590 --> 1:3:38.940

AGR - 2nd Floor Conference Room

Timeline fruit netting no different. No fruit netting is different, yeah.

1:3:39.20 --> 1:3:41.810

AGR - 2nd Floor Conference Room

That way, alright, so.

1:3:42.900 --> 1:3:49.330

AGR - 2nd Floor Conference Room

What was it called again? It would be. It's trellising material tress and flips.

1:4:3.150 --> 1:4:5.520

AGR - 2nd Floor Conference Room

We do, I guess, before we had plastic.

1:4:5.770 --> 1:4:9.990

AGR - 2nd Floor Conference Room

I'm still here. Ohh, I'd probably forgot this but so.

1:4:10.910 --> 1:4:20.700

AGR - 2nd Floor Conference Room

I think it's folks are using the recycle with the market option. They probably know what that is. So I'm just gonna leave it there like that without an explanation.

1:4:22.460 --> 1:4:32.170

AGR - 2nd Floor Conference Room

And then understanding that if we get no tapers on it or if we get takers, we get takers. We should contact them and figure out who their second with and we get no takers. Then it doesn't exist.

1:4:35.850 --> 1:4:36.780

AGR - 2nd Floor Conference Room

Steve, go ahead.

1:4:40.330 --> 1:4:45.860

Steve Schubart (Guest)

Yeah, sorry, not sure if this is the place to address, but are we ever? We're talking about plastic. Are we interested in, like, bunk tires?

1:4:47.850 --> 1:4:50.940

AGR - 2nd Floor Conference Room

Well, you know, it's something different, I think different, yeah.

1:4:50.270 --> 1:4:51.740

Steve Schubart (Guest)

Yep, OK Yep.

1:4:54.110 --> 1:4:54.360

AGR - 2nd Floor Conference Room

Yeah.

1:4:55.870 --> 1:4:59.880

AGR - 2nd Floor Conference Room

I will think about tired talking. Yeah, everything retires, right?

1:5:2.90 --> 1:5:2.420

AGR - 2nd Floor Conference Room

What's?

1:5:2.620 --> 1:5:3.110

AGR - 2nd Floor Conference Room

Yeah.

1:5:6.980 --> 1:5:11.390

AGR - 2nd Floor Conference Room

So what would it take to change your current practices managing agricultural plastic?

1:5:14.370 --> 1:5:32.860

AGR - 2nd Floor Conference Room

Totally looking for more input. We have cost effective reusable product alternatives. Do we care about reusable? I say this because we've moved some we've we have, we've moved to, but we've trialed some paper, mulch, paper, bed, mulch and some some part OK.

1:5:35.80 --> 1:5:45.530

AGR - 2nd Floor Conference Room

We mulch, so would that be viable? Alternative practice that doesn't include? What do we what do we wanna see here? When you say change current practices?

1:5:48.530 --> 1:5:51.680

AGR - 2nd Floor Conference Room

We're using reduce plastic reduced plastic.

1:5:52.890 --> 1:5:54.320

AGR - 2nd Floor Conference Room

Or or.

1:5:55.200 --> 1:5:55.850

AGR - 2nd Floor Conference Room

Plastic.

1:5:57.10 --> 1:5:58.760

AGR - 2nd Floor Conference Room

Well, we want to reduce or do we wanna.

1:5:59.500 --> 1:6:4.870

AGR - 2nd Floor Conference Room

Capture the stuff that is used in and let's see what we reduce. Reuse, recycle, right?

1:6:7.920 --> 1:6:16.110

AGR - 2nd Floor Conference Room

Yesterday was recyclable. I think it's a good option, you know not as good as not using it, but it's better than chucking it. That's the whole.

1:6:17.510 --> 1:6:29.810

AGR - 2nd Floor Conference Room

Hierarchy earlier in the survey, one of the questions is, would any of the following reasons persuade you, and I wonder if there's less good judgment instead of using, what would it take? OK, yeah, yeah.

1:6:31.570 --> 1:6:33.980

AGR - 2nd Floor Conference Room

Would any? Yeah. Falling called? Persuade you?

1:6:47.420 --> 1:6:57.470

AGR - 2nd Floor Conference Room

She should go back to change current practices or to reduce the use of that. I think change practices managing plastic, because that's that's you can do a lot of things. You can reduce it.

1:6:59.250 --> 1:6:59.720

AGR - 2nd Floor Conference Room

Like look.

1:7:1.690 --> 1:7:4.550

AGR - 2nd Floor Conference Room

I just say with the cost effective reusable product alternative.

1:7:5.250 --> 1:7:10.540

AGR - 2nd Floor Conference Room

You can have a cost effective product that's not reusable, but it's not plastic, so I'll take out that.

1:7:13.670 --> 1:7:15.80

AGR - 2nd Floor Conference Room

Active product.

1:7:16.130 --> 1:7:17.340

AGR - 2nd Floor Conference Room

Alternative.

1:7:18.120 --> 1:7:19.970

AGR - 2nd Floor Conference Room

Meeting recycling options so that ours.

1:7:21.90 --> 1:7:22.280

AGR - 2nd Floor Conference Room

Yeah. And then.

1:7:23.420 --> 1:7:27.970

AGR - 2nd Floor Conference Room

Centerpieces ternative filling that might not.

1:7:28.610 --> 1:7:33.570

AGR - 2nd Floor Conference Room

So I'll write one point here. So our specific legislative.

1:7:35.280 --> 1:7:47.700

AGR - 2nd Floor Conference Room

Mention a plastic is to study an issue, recommendations regarding the feasibility of use of biodegradable hmm and promotion, the use of production of biodegradable plastics. I think all the information we're gathering.

1:7:48.340 --> 1:7:55.60

AGR - 2nd Floor Conference Room

Burn it to that because of, you know, if biodegrade, it was more expensive and there's a good way to recycle it. Then we, you know.

1:7:55.730 --> 1:8:8.80

AGR - 2nd Floor Conference Room

But still some we need to build biodegradable into question. Yeah, that's the thing. And I'd recommend on that question that you have something about Omni approved by the greater the book because.

1:8:8.810 --> 1:8:10.800

AGR - 2nd Floor Conference Room

We could not US.

1:8:11.870 --> 1:8:16.720

AGR - 2nd Floor Conference Room

So I'm very, very proud, very good woman.

1:8:19.680 --> 1:8:32.970

AGR - 2nd Floor Conference Room

That seems like that part of the legislation was well meant, but not well informed, right, which is completely we gotta do frequently, which is why you wouldn't make the policy recommendations. Yeah, but yeah.

1:8:33.700 --> 1:8:34.30

AGR - 2nd Floor Conference Room

You know.

1:8:38.160 --> 1:8:38.440

AGR - 2nd Floor Conference Room

OK.

1:8:40.330 --> 1:8:41.990

AGR - 2nd Floor Conference Room

You want in the question sort of reason.

1:8:46.550 --> 1:8:47.600

AGR - 2nd Floor Conference Room

Yeah, they're not like.

1:8:49.630 --> 1:8:57.520

AGR - 2nd Floor Conference Room

Another then probably think you out. There's one up above the the the the unique ones. You can use that same language. OK, let's see.

1:8:58.690 --> 1:8:58.910

AGR - 2nd Floor Conference Room

Yep.

1:9:5.800 --> 1:9:16.460

AGR - 2nd Floor Conference Room

One more thing I was that like kind of question, I think we got rid of the one that asked would any of the following reasons for you to not use any unit treatment?

1:9:17.490 --> 1:9:26.900

AGR - 2nd Floor Conference Room

I'm wondering if we should talk if we should still have that or if I missed for that date. The only one we eliminated and not go back tobacco.

1:9:30.540 --> 1:9:31.120

AGR - 2nd Floor Conference Room

Was.

1:9:32.290 --> 1:9:33.780

AGR - 2nd Floor Conference Room

A.

1:9:35.440 --> 1:9:36.720

AGR - 2nd Floor Conference Room

Wooly, right. Wait.

1:9:38.930 --> 1:9:44.210

AGR - 2nd Floor Conference Room

#12 there's one you know what would persuaded to reduce pesticide use in general?

1:9:44.930 --> 1:9:47.840

AGR - 2nd Floor Conference Room

Or I'm looking at an old version, yeah.

1:9:48.760 --> 1:9:56.280

AGR - 2nd Floor Conference Room

I did the one I got rid of was number 12 previously #12 which I have printed out on my desk in my office.

1:9:56.950 --> 1:10:10.160

AGR - 2nd Floor Conference Room

Office, but it was a free space and it didn't have options in it, right. But then the earlier one that you guys have may have options. Yeah. And it's OK. It was number. It's #5 #5.

1:10:11.390 --> 1:10:15.690

AGR - 2nd Floor Conference Room

To reduce pesticide use and production, I just don't know if it's still worth.

1:10:16.760 --> 1:10:24.390

AGR - 2nd Floor Conference Room

Getting to the near Nick treated seed specific question like if there's an alternative, if there's a or maybe.

1:10:26.0 --> 1:10:26.970

AGR - 2nd Floor Conference Room

I might just be getting.

1:10:27.890 --> 1:10:38.790

AGR - 2nd Floor Conference Room

So I'll go back and look at it if you're willing to let me make a judgment call on the board's behalf, I may reintroduce question #5, which I'm not. Look.

1:10:39.780 --> 1:10:41.380

AGR - 2nd Floor Conference Room

But Clarice has pointed out to us.

1:10:43.80 --> 1:10:44.700

AGR - 2nd Floor Conference Room

To provide options.

1:10:45.430 --> 1:10:56.200

AGR - 2nd Floor Conference Room

Just person like with these. Yeah, persuade you? Would these options persuade you to reduce the use of pesticides? Right. Right. OK. And that's the right link of you. So yeah. OK.

1:10:57.150 --> 1:11:11.110

AGR - 2nd Floor Conference Room

I will integrate it. OK. I bet that the list of possible reasons or options would be pretty similar to question #5 OK and list that. Yeah, OK, so I'm gonna throw that one back in.

1:11:11.910 --> 1:11:13.260

AGR - 2nd Floor Conference Room

I'm seeing some heads nod.

1:11:14.220 --> 1:11:21.160

AGR - 2nd Floor Conference Room

And I don't think it takes stray, but it does give us it does give you. It's not me. Sorry. Keep talking about.

1:11:22.60 --> 1:11:23.620

AGR - 2nd Floor Conference Room

Yes, like I'm new, but I'm not.

1:11:24.970 --> 1:11:25.720

AGR - 2nd Floor Conference Room

Militating your will.

1:11:28.0 --> 1:11:29.810

AGR - 2nd Floor Conference Room

But I will integrate that question back in.

1:11:32.200 --> 1:11:33.440

AGR - 2nd Floor Conference Room

Yeah, I'm just going back.

1:11:34.700 --> 1:11:35.60

AGR - 2nd Floor Conference Room

Right.

1:11:41.270 --> 1:11:47.600

AGR - 2nd Floor Conference Room

There's more questions on there, like not many. OK, I think yeah. We need to roll up and there's yeah, so.

1:11:52.980 --> 1:11:57.260

AGR - 2nd Floor Conference Room

That's what I got. If anyone I will send this out again question #16.

1:11:58.330 --> 1:12:9.250

AGR - 2nd Floor Conference Room

If there are any other options that people can think of that would change current practices besides this list here, please let me know. We do have the other option though, so maybe we can just let people tell us what they would do.

1:12:10.250 --> 1:12:18.810

AGR - 2nd Floor Conference Room

You can see that alright. Next question which soil tests do you perform in that you know?

1:12:19.930 --> 1:12:26.820

AGR - 2nd Floor Conference Room

To determine nutrient content or deficiencies to determine presence, pesticides and soils, you might and heavy metal.

1:12:27.810 --> 1:12:34.560

AGR - 2nd Floor Conference Room

OK. Is that something you VM does? And then this Cornell soil Health desk, which has.

1:12:35.540 --> 1:12:36.410

AGR - 2nd Floor Conference Room

Like much.

1:12:37.150 --> 1:12:49.620

AGR - 2nd Floor Conference Room

Give you a full picture that is biological, chemical and physical, so we call it out specifically recording also help. That's I would say 90 people have used that one. Yeah, orchards have too. If you say style health.

1:12:53.570 --> 1:12:54.530

AGR - 2nd Floor Conference Room

Much of that is.

1:12:55.330 --> 1:12:56.820

AGR - 2nd Floor Conference Room

So yeah.

1:12:58.270 --> 1:13:1.960

AGR - 2nd Floor Conference Room

Yeah, essentially determined. So healthy, it's determined soil.

1:13:4.290 --> 1:13:5.830

AGR - 2nd Floor Conference Room

Properties. Properties. Yeah.

1:13:6.670 --> 1:13:10.60

AGR - 2nd Floor Conference Room

No problems are. You could even just say standard soil test.

1:13:10.840 --> 1:13:14.50

AGR - 2nd Floor Conference Room

I mean, they don't really give you soil structure and it's a little bump there, but.

1:13:18.290 --> 1:13:25.470

AGR - 2nd Floor Conference Room

I mean, is there a test that you can get pH, soil structure, physical property or no full right the soil structure in physical or?

1:13:26.370 --> 1:13:34.0

AGR - 2nd Floor Conference Room

You're gonna shake drag yourself, right? You've gotta have somebody go inside. Where the penetrometer. And look where your density is and.

1:13:35.290 --> 1:14:5.680

AGR - 2nd Floor Conference Room

And you can do some things, pay you know somebody to do stuff with your soil if you want, but I don't think the responders do. It's more researchers than me. So you should add heavy metals because. Yeah, exactly. I'm gonna take out Cornell soil health test because I think that's what's captured in the determined soil properties. So I would keep it. OK. It's a specific one that people pay for it. I would get rid of to determine soil. OK. So we're in this one, and we'll put, I would say, standard soil test.

1:14:5.840 --> 1:14:11.220

AGR - 2nd Floor Conference Room

We'll we'll see standard. They know what they know what it is. It's the \$20 one, not the. So that's one of the standard.

1:14:12.540 --> 1:14:15.940

AGR - 2nd Floor Conference Room

I think you might have said that the first one yeah. Ohh did I?

1:14:17.340 --> 1:14:21.690

AGR - 2nd Floor Conference Room

Nutrient content deficiencies. Yeah. OK, so that's not so then heavy metals is this one.

1:14:30.30 --> 1:14:33.640

AGR - 2nd Floor Conference Room

So microbiology, I cannot perform soil tests.

1:14:34.380 --> 1:14:39.600

AGR - 2nd Floor Conference Room

And for now and then I have other just because I don't know.

1:14:40.690 --> 1:14:45.280

AGR - 2nd Floor Conference Room

OK, alright. And that's multiple answers. So you can answer you know a couple of those.

1:14:47.440 --> 1:14:58.90

AGR - 2nd Floor Conference Room

Versus estimate the estimate the ratio of synthetic to natural fertilizers uses inputs on your farm and this is largely based on the fact that the legislation includes the reductionist pet fertilizers.

1:14:59.220 --> 1:15:0.970

AGR - 2nd Floor Conference Room

And so we just provide some options.

1:15:3.610 --> 1:15:7.720

AGR - 2nd Floor Conference Room

And then I added the use of manure on or imported to the farm as a.

1:15:8.450 --> 1:15:10.390

AGR - 2nd Floor Conference Room

Nutrient management for a pizza.

1:15:11.30 --> 1:15:15.920

AGR - 2nd Floor Conference Room

Take a fertilizer that may or may not be captured by, obviously not by synthetic, but even by natural.

1:15:18.880 --> 1:15:21.270

AGR - 2nd Floor Conference Room

You work with an extension agent.

1:15:22.730 --> 1:15:26.20

AGR - 2nd Floor Conference Room

So do is that appropriate like?

1:15:26.950 --> 1:15:33.440

AGR - 2nd Floor Conference Room

Where I think we've heard that extension agents quote UN quote may or may not exist.

1:15:36.390 --> 1:16:5.340

AGR - 2nd Floor Conference Room

So where is that something? You're mandate that we ask that or do we are we specific to extension or are we specific to a professional or I don't know you know actually this is something where we could tease out because I'm interested in how much copying Sultants private consultants have taken over in the in the vacuum of extension. So I would say maybe you can multiple choice like who, yeah. Yeah. Do you want what professionals do you use?

1:16:5.450 --> 1:16:20.170

AGR - 2nd Floor Conference Room

We're we're we're conflating and RCS could be, yeah. Private consultant called Me Extension agents are calling extension education specialist summer. There's really no agents but extension specialists or certified propane gas or anybody else.

1:16:20.240 --> 1:16:30.140

AGR - 2nd Floor Conference Room

Every time it's no the no from Vermont has some folks that will work with. OK. Yeah. I believe they still do. Yeah. What? Yeah. What? What? What? What? What?

1:16:30.220 --> 1:16:36.570

AGR - 2nd Floor Conference Room

Yeah, that's kind of what, what else into professional or I don't know what. Yeah, what I what I.

1:16:37.640 --> 1:16:45.30

AGR - 2nd Floor Conference Room

How how do you obtain? There you go, agronomic advice or something like that or yeah, would that cover vegetable and?

1:16:47.90 --> 1:17:1.180

AGR - 2nd Floor Conference Room

Food production. Anger over nomics not necessarily right, because that's pretty proper soil. Yeah. Yeah,

OK. But this is Laura. Just I think Laura just put that point in there. What? What? Agricultural technical service providers do you use?

1:17:2.980 --> 1:17:3.710

AGR - 2nd Floor Conference Room

Thanks Laura.

1:17:6.220 --> 1:17:10.780

AGR - 2nd Floor Conference Room

What agricultural technical service providers do you use?

1:17:14.690 --> 1:17:19.600

AGR - 2nd Floor Conference Room

And users can be a broad thing from reading their newsletter to yeah, paying them to.

1:17:20.250 --> 1:17:21.440

AGR - 2nd Floor Conference Room

Having the villager farm.

1:17:24.290 --> 1:17:24.660

AGR - 2nd Floor Conference Room

Typo.

1:17:24.940 --> 1:17:25.400

AGR - 2nd Floor Conference Room

If.

1:17:27.580 --> 1:17:30.90

AGR - 2nd Floor Conference Room

So when I say stop.

1:17:30.810 --> 1:17:34.390

AGR - 2nd Floor Conference Room

Ohh well, the next extension specialists especially.

1:17:40.860 --> 1:17:42.560

AGR - 2nd Floor Conference Room

Dirt bike crop. So it's.

1:17:45.0 --> 1:17:48.620

AGR - 2nd Floor Conference Room

That, like private enemies story like private, not like.

1:17:50.40 --> 1:18:2.550

AGR - 2nd Floor Conference Room

But that means they're the extension specialists for job. I can't, because while your extension specialists have CCA and that is very specific to, it's a good working with versus A.

1:18:3.500 --> 1:18:15.530

AGR - 2nd Floor Conference Room

Industry consultant or yeah, I think when there needs to be two different because that's I mean there's a lot of people may not even know that the person they're working with is as CCA, right. Why aren't you that program is not very well.

1:18:17.530 --> 1:18:20.10

AGR - 2nd Floor Conference Room  
Private consultant for Sure Farm.

1:18:22.330 --> 1:18:30.750

AGR - 2nd Floor Conference Room

What you're asking Terry with, who uses extension? Please read industry, right. Yeah. And be interesting. We saw this 40 years ago versus now, but we don't have that.

1:18:32.140 --> 1:18:37.970

AGR - 2nd Floor Conference Room

Let's say private and probably Chuck the certified copy consultants cause people don't know whether or not those people have their credentials.

1:18:41.690 --> 1:18:42.960

AGR - 2nd Floor Conference Room  
Conservation district here.

1:18:44.440 --> 1:18:48.220

Steve Schubart (Guest)

Did we? I may have missed this. Did we have sales consultant on there?

1:18:48.540 --> 1:18:52.330

AGR - 2nd Floor Conference Room

Always thinking about and that in there something from you just really.

1:18:51.320 --> 1:18:52.970

Steve Schubart (Guest)

Because I mean, that's a common.

1:18:53.940 --> 1:18:55.670

AGR - 2nd Floor Conference Room

Yeah, yeah. And then.

1:18:53.730 --> 1:19:1.860

Steve Schubart (Guest)

Model I mean all of your feed guys are working with nutritionists who they buy their feed from, or they're seamen. Guys are consultants and they're buying their semen.

1:19:2.660 --> 1:19:4.730

Steve Schubart (Guest)

So, well, those are different examples.

1:19:6.250 --> 1:19:7.230

AGR - 2nd Floor Conference Room

Same idea though.

1:19:7.520 --> 1:19:7.860

Steve Schubart (Guest)

Yep.

1:19:8.980 --> 1:19:13.480

AGR - 2nd Floor Conference Room

Does that replace private consultant? The industry sales consultant? Product products?

1:19:14.0 --> 1:19:14.330

AGR - 2nd Floor Conference Room

And it.

1:19:17.200 --> 1:19:22.390

AGR - 2nd Floor Conference Room

That they're they're not different are they are different. OK, one one comes with the.

1:19:23.540 --> 1:19:26.460

AGR - 2nd Floor Conference Room

So when you buy stuff, the other one you pay, OK.

1:19:27.210 --> 1:19:33.420

AGR - 2nd Floor Conference Room

The only thing is that the the private. Yeah. No, I don't know if no for really fits into private. And no, there's lots of God.

1:19:35.440 --> 1:19:51.460

AGR - 2nd Floor Conference Room

Books that do this right business plans are farmers and then work with the the Farm Viability program. They work with somebody like bridges Wiswall on all kinds of things. So that's, I don't know, that's really I would say fire viability program. I think that's that's good.

1:19:52.540 --> 1:19:55.870

AGR - 2nd Floor Conference Room

Then I think you should have no problem, no problem, definitely.

1:19:58.320 --> 1:20:0.520

AGR - 2nd Floor Conference Room

This is a multi answer. Yeah. Yeah, yeah.

1:20:2.610 --> 1:20:3.940

AGR - 2nd Floor Conference Room

For dash T.

1:20:5.730 --> 1:20:5.980

AGR - 2nd Floor Conference Room  
I see.

1:20:7.60 --> 1:20:7.310

AGR - 2nd Floor Conference Room  
Here.

1:20:14.160 --> 1:20:14.870

AGR - 2nd Floor Conference Room  
Your neighbor.

1:20:17.550 --> 1:20:32.760

AGR - 2nd Floor Conference Room

Or I don't know or I don't know. Yeah. Natural research. Well, I mean, the other thing is that, like, you know, there are people who, I mean, it's not probably caught in there somewhere, but like going to conferences and stuff like that, you pick up a lot of stuff. Yeah. I think people. Yeah.

1:20:33.420 --> 1:20:42.990

AGR - 2nd Floor Conference Room

Yeah, but I mean, we're trying to, I think this is more for who's who's out there on the farm with you. You know, where I supposed to about industry associations?

1:20:45.880 --> 1:20:54.720

AGR - 2nd Floor Conference Room

I don't know how much that's happening now, but I know that like the apple growers used to do a specific summer, like educational meeting on farms.

1:20:55.350 --> 1:21:3.70

AGR - 2nd Floor Conference Room

Well, like the Grasshopper Association does that they. Yeah. Pasture walks? Yeah, exactly. Cost one. And you go to farm. Yeah. The question is the top.

1:21:3.910 --> 1:21:8.980

AGR - 2nd Floor Conference Room

That's the question. Yeah. Go back. What? Yeah, I think so.

1:21:10.430 --> 1:21:11.360

AGR - 2nd Floor Conference Room

For which maybe?

1:21:21.760 --> 1:21:23.190

AGR - 2nd Floor Conference Room

And then industry, so I heard.

1:21:24.130 --> 1:21:25.950

AGR - 2nd Floor Conference Room

Brokerage farmers shoot.

1:21:26.950 --> 1:21:29.940

AGR - 2nd Floor Conference Room

Vermont vegetable very, very nasty gation.

1:21:30.20 --> 1:21:42.890

AGR - 2nd Floor Conference Room

You don't even know from Vermont. Does workshops. Yeah. First, they can't do less individual. Right? Like, I mean, actual hands on on your farm. But they do thrive. A lot of technical. And I asked.

1:21:44.720 --> 1:21:51.270

AGR - 2nd Floor Conference Room

You can just say BB veggie BGA. Yeah, anybody who's part of these with no VGA.

1:21:52.560 --> 1:21:55.450

AGR - 2nd Floor Conference Room

Yeah, the TFG. A. You don't need to know what the L.

1:21:56.680 --> 1:21:59.870

AGR - 2nd Floor Conference Room

E FG SVG FA.

1:22:1.60 --> 1:22:2.910

AGR - 2nd Floor Conference Room

Yeah, and Vermont, press oriental.

1:22:4.30 --> 1:22:5.770

AGR - 2nd Floor Conference Room

GF a correct yeah.

1:22:7.550 --> 1:22:9.370

AGR - 2nd Floor Conference Room

So it's different. Ohh.

1:22:12.50 --> 1:22:12.590

AGR - 2nd Floor Conference Room

That's true.

1:22:13.620 --> 1:22:15.790

AGR - 2nd Floor Conference Room

Uh and then BG?

1:22:18.150 --> 1:22:26.200

AGR - 2nd Floor Conference Room

No, no other alright. Yep. Moving along towards the end. Ohh. What prevents you from working with the trip? I love it. I don't think it's.

1:22:29.780 --> 1:22:36.610

AGR - 2nd Floor Conference Room

And then is there anything else you'd like to add? Question 2020, No more than 20 questions. Yeah. Perfect.

1:22:38.540 --> 1:22:45.390

AGR - 2nd Floor Conference Room

Thank you. I have some work ahead of me and it just works in logic and I'm going to reaction of 21 questions because we're going to reintroduce question #5.

1:22:47.660 --> 1:22:50.830

AGR - 2nd Floor Conference Room

Thank you. How how are you getting this too far? Ohh sheet.

1:22:54.130 --> 1:22:56.100

AGR - 2nd Floor Conference Room

Perfect. Yeah. We didn't rehearse that.

1:22:57.80 --> 1:22:59.60

AGR - 2nd Floor Conference Room

Good. Yes, so.

1:23:0.600 --> 1:23:30.350

AGR - 2nd Floor Conference Room

We are thinking about creating an AG r.aib@vermont.gov e-mail and so if staff are doing work on behalf of the AIB, we would use this as the the communication tool and then we could receive emails back that tool and then be at least four of us. I think here at the see if that would have access to that e-mail but we would only use it to spread the information that the AIB it's otherwise asking us to do.

1:23:30.570 --> 1:23:47.240

AGR - 2nd Floor Conference Room

Work on their behalf and then also to accept emails to then share with you regarding whatever comments we're getting. So that's one thing we're thinking of doing and then we could as staff prepare a introductory e-mail that we would share with.

1:23:48.100 --> 1:23:51.10

AGR - 2nd Floor Conference Room

Y'all and you could send the survey out.

1:23:53.790 --> 1:24:8.920

AGR - 2nd Floor Conference Room

We're likely not going to put it on our website. I think we want people to answer it if they've been directly contacted by the board or via the agency through that e-mail address, but it would be orchard nursery.

1:24:9.880 --> 1:24:12.960

AGR - 2nd Floor Conference Room

Veggie growers Berry growers.

1:24:13.960 --> 1:24:25.280

AGR - 2nd Floor Conference Room

Dairy farmers and it would be the list that the agency has, so we would probably reach out to the produce safety program to see what kind of list they have. We have our farms.

1:24:26.460 --> 1:24:27.50

AGR - 2nd Floor Conference Room  
Small.

1:24:28.0 --> 1:24:32.760

AGR - 2nd Floor Conference Room  
Certified medium and large dairy operation, just farm operations.

1:24:33.750 --> 1:24:35.500

AGR - 2nd Floor Conference Room  
You can include vegetable operations.

1:24:37.890 --> 1:24:49.40

AGR - 2nd Floor Conference Room  
And then we have a list of folks. Clara Air provided us with some folks that we could use to share information.

1:24:50.580 --> 1:25:1.630

AGR - 2nd Floor Conference Room  
Armor Coalition is a some of those watershed groups. They have a fair amount of membership. OK, can you give river and Franklin County?

1:25:2.890 --> 1:25:3.460

AGR - 2nd Floor Conference Room  
Portion.

1:25:4.700 --> 1:25:8.210

AGR - 2nd Floor Conference Room  
Umm, so I mean, I think that didn't hear were beef.

1:25:9.450 --> 1:25:10.60

AGR - 2nd Floor Conference Room  
Notes.

1:25:11.60 --> 1:25:11.530

AGR - 2nd Floor Conference Room  
Sheep.

1:25:13.510 --> 1:25:28.720

AGR - 2nd Floor Conference Room  
And those are not. I'm thinking about the traditional extension lists. Yeah, those are not lists. That extension presently maintains the best of my knowledge. The other way in my region is courses. The amount of pay that you consumed it. It's like driving our economy right now.

1:25:28.930 --> 1:25:31.250

AGR - 2nd Floor Conference Room

Look down and they actually.

1:25:33.550 --> 1:25:45.270

AGR - 2nd Floor Conference Room

So there is a force industry, yeah. So we could, we could reach out to the horse industry the great well, what industry associations, I guess I we would be willing to share.

1:25:46.80 --> 1:25:53.230

AGR - 2nd Floor Conference Room

This contact this information. OK, slow down. OK, so we.

1:25:54.180 --> 1:26:2.340

AGR - 2nd Floor Conference Room

We needed to sign or the board needs to make a recommendation on the best way to disseminate this stuff. OK, so we have multiple different options and.

1:26:2.880 --> 1:26:3.330

AGR - 2nd Floor Conference Room

Uh.

1:26:4.670 --> 1:26:10.10

AGR - 2nd Floor Conference Room

First of all, is the board comfortable with it coming via e-mail?

1:26:11.120 --> 1:26:16.710

AGR - 2nd Floor Conference Room

Sending the survey via e-mail from an e-mail that says agricultural innovation at Vermont.

1:26:18.90 --> 1:26:19.20

AGR - 2nd Floor Conference Room

You're OK with that?

1:26:20.910 --> 1:26:30.380

AGR - 2nd Floor Conference Room

You know, we would keep the e-mail in house, but it would come out. We would send it out on behalf of the board. Yeah. And then the e-mail would say agricultural Innovation Board.

1:26:33.390 --> 1:26:54.720

AGR - 2nd Floor Conference Room

The work. Yeah. Yeah. I think it's not a bad idea to even to brand the boards in, in farmer's minds and know what the heck this is about. And like I said, you mentioned like Create an e-mail that's ready to go, in fact, send it to what you got and then have that list of extension people, other service providers, Nova.

1:26:55.340 --> 1:27:14.610

AGR - 2nd Floor Conference Room

Dits and and have them send it out. You know when, when? If you got something like agriculture

Innovation Board that could go to a lot of different farms that would turn it away. But when Nofa hands it over they they'll say ohh this this is the sort of thing I should pay attention. So that's the second question. Right. The second question is.

1:27:15.310 --> 1:27:17.600

AGR - 2nd Floor Conference Room

So we have and Laura.

1:27:18.420 --> 1:27:48.50

AGR - 2nd Floor Conference Room

Largest is that a? Yeah. He just said she has a list. So water quality. We have emails for most of permitted and certified. Yeah. So we could do it multiple ways, right? And so that's what we gotta discuss and make a decision on is do we send it and just let the agency send it out or do we provide introductory e-mail for whoever, you know, whatever association and with them send it out also with all the results coming back to the the AIBE.

1:27:50.70 --> 1:28:4.730

AGR - 2nd Floor Conference Room

What is the results? I mean just clarify the results come back into this Microsoft form right directly like to the agency, but it it puts all the information and so spreadsheet and then we have a spreadsheet yeah.

1:28:5.750 --> 1:28:7.90

AGR - 2nd Floor Conference Room

Is there a problem with doing?

1:28:7.850 --> 1:28:17.550

AGR - 2nd Floor Conference Room

No, not at all. That's what I'm asking now. As long as you say, please excuse duplicates or whatever beginning, but I think you need to if we wanna cast the net wide, it probably would be a bad idea to have.

1:28:18.770 --> 1:28:24.480

AGR - 2nd Floor Conference Room

Kind of that master list that the agency has of the usual list that we sending that you know that it gets sent to.

1:28:26.250 --> 1:28:38.470

AGR - 2nd Floor Conference Room

Like who? The contact, who runs each of these different lists? Yeah, for M. Assuming it's gonna filter so you don't get, like, more from the scene. Yeah, I really have to get one. The other one. And you answer second time it's.

1:28:39.360 --> 1:28:45.480

AGR - 2nd Floor Conference Room

Well, we have the farm name right. We would fill it by farm name if we got duplicates, we would just eliminate duplicates.

1:28:46.300 --> 1:28:50.450

AGR - 2nd Floor Conference Room

It's a long enough survey. I think people are still people, mostly were not. It was the one, that expression.

1:28:51.760 --> 1:28:56.320

AGR - 2nd Floor Conference Room

Like it's not complicated. It's getting enough the back, right? Yeah. And that's the thing I think you want to get.

1:28:57.330 --> 1:28:58.120

AGR - 2nd Floor Conference Room

Why it matters?

1:28:58.820 --> 1:29:6.590

AGR - 2nd Floor Conference Room

Yeah. OK. So let me ask you. So if we make a decision, definitely the agency will definitely send out. We got which associations.

1:29:8.30 --> 1:29:14.590

AGR - 2nd Floor Conference Room

Extension personnel or extension office, should we send the introductory e-mail for them to go ahead and send out?

1:29:15.790 --> 1:29:18.960

AGR - 2nd Floor Conference Room

Which which association serve scribble this now. Now. Yep.

1:29:20.410 --> 1:29:27.880

AGR - 2nd Floor Conference Room

Apple. That's me. OK, veg and Berry. That's very group under. OK, so this is extension or this is extension right now, OK.

1:29:28.710 --> 1:29:31.770

AGR - 2nd Floor Conference Room

So OK, so you ohh grape is needed too.

1:29:33.10 --> 1:29:36.930

AGR - 2nd Floor Conference Room

Yeah, Apple and grape is me veg and there is it's burned.

1:29:39.490 --> 1:29:44.690

AGR - 2nd Floor Conference Room

That's it on my side sticker have the. Ohh. I think Heather garbage still crop right?

1:29:45.290 --> 1:29:48.570

AGR - 2nd Floor Conference Room

I don't know whether she covers statewide or just that corner, although.

1:29:49.260 --> 1:29:52.970

AGR - 2nd Floor Conference Room

Heather speaks, everyone listens. Usually, if you harm, she's got credibility.

1:29:53.510 --> 1:29:56.520

AGR - 2nd Floor Conference Room

So musical is at the the graph at the G.

1:29:57.270 --> 1:30:2.260

AGR - 2nd Floor Conference Room

That's separate. I'm still craps. When you said feel craps, is that covered under the?

1:30:2.950 --> 1:30:9.500

AGR - 2nd Floor Conference Room

What was the GFA one ohh grass farmer sociation? OK, that's a that's a private industry, yeah.

1:30:10.10 --> 1:30:10.470

AGR - 2nd Floor Conference Room

OK.

1:30:13.420 --> 1:30:15.930

AGR - 2nd Floor Conference Room

You have still thinking extension wise about Golfo.

1:30:16.610 --> 1:30:22.20

AGR - 2nd Floor Conference Room

So yeah, I think you should send it ohtsuka. Alright is the average person, they're not.

1:30:23.20 --> 1:30:23.650

AGR - 2nd Floor Conference Room

Like different?

1:30:23.730 --> 1:30:23.940

AGR - 2nd Floor Conference Room

Yeah.

1:30:26.330 --> 1:30:28.450

AGR - 2nd Floor Conference Room

Ohh Maple so.

1:30:29.470 --> 1:30:30.520

AGR - 2nd Floor Conference Room

Yeah, yeah, of course.

1:30:32.500 --> 1:30:37.320

AGR - 2nd Floor Conference Room

There's the there's one train doors association. Yep. Yep.

1:30:38.910 --> 1:30:39.260

AGR - 2nd Floor Conference Room  
But.

1:30:41.10 --> 1:30:44.10

AGR - 2nd Floor Conference Room  
Umm from out that Jesus vegetarian?

1:30:44.130 --> 1:30:47.60

AGR - 2nd Floor Conference Room  
Little bit Deep farmers Association still does much.

1:30:47.720 --> 1:30:49.970

AGR - 2nd Floor Conference Room  
I mean, I don't know. They just do so.

1:30:52.300 --> 1:30:52.890

AGR - 2nd Floor Conference Room  
Ohh.

1:30:53.990 --> 1:31:0.380

AGR - 2nd Floor Conference Room  
From my friends army, doesn't Christina sweet work mostly with the in the agency work with the associations a lot.

1:31:1.190 --> 1:31:11.720

AGR - 2nd Floor Conference Room  
Although I don't. She may I know she has. She may have a list of the actively going once, cause they've done a lot of like the working lands like and and others especially, factoring specifically for them.

1:31:12.500 --> 1:31:17.620

AGR - 2nd Floor Conference Room  
There is an Herb farmers association about or there was at one point.

1:31:19.150 --> 1:31:22.500

AGR - 2nd Floor Conference Room  
Yeah. I mean as far as like extension people, I don't.

1:31:23.470 --> 1:31:23.730

AGR - 2nd Floor Conference Room  
Alright.

1:31:26.510 --> 1:31:30.790

AGR - 2nd Floor Conference Room  
Ohh, there used to be a bunch of exception people having different stuff there.

1:31:32.670 --> 1:31:33.810

AGR - 2nd Floor Conference Room  
Well, how about we do this?

1:31:34.190 --> 1:31:35.830

AGR - 2nd Floor Conference Room  
We're planning on there for you.

1:31:37.680 --> 1:31:40.190

AGR - 2nd Floor Conference Room  
Gosh Faulkner presenter, percent black.

1:31:42.770 --> 1:31:46.590

AGR - 2nd Floor Conference Room  
So it's 2:30 and we still have a bunch of work to do today.

1:31:47.430 --> 1:31:54.140

AGR - 2nd Floor Conference Room  
Probably I can send this survey out this year, right? So we're the survey is gonna occur next year.

1:31:54.900 --> 1:32:15.600

AGR - 2nd Floor Conference Room  
So why don't we work on a proposed distribution strategy and send it to the board members like? Yeah, it's probably would be good to send something to us to to respond to, to give you like, emails and association. Exactly. Because if I'm sitting down and can dedicate time to it, I could not work number. And if you think of somebody else and you mentioned the.

1:32:16.490 --> 1:32:19.460

AGR - 2nd Floor Conference Room  
It's going to other groups. One. Yeah. Yeah, yeah.

1:32:20.690 --> 1:32:30.70

AGR - 2nd Floor Conference Room  
Right. So we'll do that nutrient managers. Tom Eaton, John Chamberlain. There you in New England, dairy, Alicia and assault.

1:32:31.20 --> 1:32:36.670

AGR - 2nd Floor Conference Room  
And and then again, Mark, Amber Sheridan, those are some suggestions from there.

1:32:37.20 --> 1:32:38.380

AGR - 2nd Floor Conference Room  
Conservation district.

1:32:40.0 --> 1:32:44.10

AGR - 2nd Floor Conference Room  
All right, so we'll put the other strategy and send it out for the board to consider.

1:32:45.720 --> 1:32:46.110

AGR - 2nd Floor Conference Room  
Right.

1:32:47.410 --> 1:32:48.520

AGR - 2nd Floor Conference Room  
So do we need to take a break?

1:32:49.450 --> 1:32:50.330

AGR - 2nd Floor Conference Room  
When you take a break.

1:32:51.230 --> 1:32:51.450

AGR - 2nd Floor Conference Room  
OK.

1:32:55.380 --> 1:33:0.530

AGR - 2nd Floor Conference Room  
OK. Thank you. Yes, thank you. I'll be back. OK, so now when you talk about the report.

1:33:1.750 --> 1:33:7.520

AGR - 2nd Floor Conference Room  
But this is the annual report that's that's required by legislation to January 15th.

1:33:8.390 --> 1:33:9.480

AGR - 2nd Floor Conference Room  
Sent you a draft.

1:33:10.320 --> 1:33:10.810

AGR - 2nd Floor Conference Room  
Uh.

1:33:13.270 --> 1:33:20.660

AGR - 2nd Floor Conference Room  
And have we gotten any comments back when you, OK, that's a couple. Could I get it? Yeah, yeah.

1:33:26.360 --> 1:33:28.520

AGR - 2nd Floor Conference Room  
I can put it up on the screen.

1:33:44.880 --> 1:33:51.680

AGR - 2nd Floor Conference Room  
So the one comment I have after thinking about it for a while and I think we need to change the title of it.

1:33:52.840 --> 1:34:9.900

AGR - 2nd Floor Conference Room  
The title says annual report recommending policy solutions. Umm, but if you read the report would say we make no recommendation. Yes, yes. So it's kind of misleading advertising. So I think we ought to change it. Just annual report of the agricultural production period. OK, that's what we'll do.

1:34:10.820 --> 1:34:11.290

AGR - 2nd Floor Conference Room  
And.

1:34:11.370 --> 1:34:11.710

AGR - 2nd Floor Conference Room  
Umm.

1:34:13.860 --> 1:34:17.810

AGR - 2nd Floor Conference Room  
OK. So and then that's quite pretty much my only comment.

1:34:21.50 --> 1:34:28.210

AGR - 2nd Floor Conference Room  
Like, come at one was because I downloaded this in Word or word. That's all this stuff. Now there was one comment that was.

1:34:30.430 --> 1:34:35.280

AGR - 2nd Floor Conference Room  
Fix that ohd. I didn't, but I can do it right in front of your eyes. And then the other one was.

1:34:37.270 --> 1:34:39.400

AGR - 2nd Floor Conference Room  
Only place you can proud.

1:34:40.600 --> 1:34:42.350

AGR - 2nd Floor Conference Room  
Right before, I think so it's.

1:34:45.450 --> 1:34:48.600

AGR - 2nd Floor Conference Room  
Like just thought that it is.

1:34:49.790 --> 1:34:50.430

AGR - 2nd Floor Conference Room  
So it's in the.

1:34:50.510 --> 1:34:55.210

AGR - 2nd Floor Conference Room  
Yeah. So the policy recommendation status, right, the.

1:34:56.430 --> 1:34:58.190

AGR - 2nd Floor Conference Room  
Looking at samples.

1:34:59.270 --> 1:35:1.680

AGR - 2nd Floor Conference Room  
For quality stuff and I just thought.

1:35:3.10 --> 1:35:4.620

AGR - 2nd Floor Conference Room

The language suggested.

1:35:5.390 --> 1:35:13.120

AGR - 2nd Floor Conference Room

That there might be no off target issues and I thought that maybe it should say.

1:35:15.490 --> 1:35:17.840

AGR - 2nd Floor Conference Room

Something that kind of recognized that.

1:35:19.810 --> 1:35:24.430

AGR - 2nd Floor Conference Room

You say what? Yeah. So it says it should say the extent. So instead of right now it says.

1:35:25.230 --> 1:35:29.200

AGR - 2nd Floor Conference Room

To learn if chemicals are moving off target until when you choose.

1:35:29.780 --> 1:35:32.490

AGR - 2nd Floor Conference Room

It's actually the extent to which. Composer.

1:35:32.570 --> 1:35:36.230

AGR - 2nd Floor Conference Room

OK. Yeah, so to learn.

1:35:37.680 --> 1:35:38.50

AGR - 2nd Floor Conference Room

Thanks.

1:35:39.990 --> 1:35:45.780

AGR - 2nd Floor Conference Room

And those are moving off target. I would say it says which set of learning.

1:36:5.280 --> 1:36:5.830

AGR - 2nd Floor Conference Room

Ah.

1:36:7.890 --> 1:36:11.860

AGR - 2nd Floor Conference Room

Servos comment in the chat that she read it and hasn't come OK.

1:36:17.140 --> 1:36:18.470

AGR - 2nd Floor Conference Room

Yeah. I think the overall.

1:36:19.850 --> 1:36:20.700

AGR - 2nd Floor Conference Room  
Solid report.

1:36:25.720 --> 1:36:30.490

AGR - 2nd Floor Conference Room  
One way we're actually exceeding people just like you're 16, yeah.

1:36:32.750 --> 1:36:34.80

AGR - 2nd Floor Conference Room  
One thing that I know I'm.

1:36:34.820 --> 1:36:47.700

AGR - 2nd Floor Conference Room  
Going to add is Justin Table 3. These are just like access links to our presentations that we've heard. And so I'm just going to add the agenda and minutes to this meeting. So it's not.

1:36:49.30 --> 1:36:49.250

AGR - 2nd Floor Conference Room  
Yeah.

1:36:54.0 --> 1:37:1.680

AGR - 2nd Floor Conference Room  
At the top of the Page 5 and my copy there was not an S missing at the end of the charge charges.

1:37:3.530 --> 1:37:11.820

AGR - 2nd Floor Conference Room  
Why can't someone else had that this one right here? It's like the board would notice on these areas and chili challenge, yes, it's many charges.

1:37:13.620 --> 1:37:14.200

AGR - 2nd Floor Conference Room  
Yeah, yeah.

1:37:23.940 --> 1:37:29.530

AGR - 2nd Floor Conference Room  
I didn't receive any other OK and then the last part of this discussion is this table 4.

1:37:30.550 --> 1:37:35.660

AGR - 2nd Floor Conference Room  
It's one of the reported This is why we're reporting the note say we're going to focus on for the next year. So the question is.

1:37:37.520 --> 1:37:43.750

AGR - 2nd Floor Conference Room  
Preamble to the board. We obviously we can change it, you know, throughout the year, but at least for the starting point.

1:37:45.960 --> 1:37:49.530

AGR - 2nd Floor Conference Room

Work look like a good like placement to work.

1:38:25.650 --> 1:38:34.110

AGR - 2nd Floor Conference Room

But now I'm jumping ahead to later in this meeting. But are we ready for #7 the BMP's for non new nicotine oil treated article seats?

1:38:35.390 --> 1:38:44.370

AGR - 2nd Floor Conference Room

We're going to make good food point. OK, that's what you wanna say. We also have anything in that? Yeah. This is a focus area. This isn't saying that for.

1:38:45.900 --> 1:38:47.130

AGR - 2nd Floor Conference Room

For damn just right.

1:39:20.10 --> 1:39:25.570

AGR - 2nd Floor Conference Room

OK. Well that's, you know, most people have any comments on the one thing I will say is.

1:39:26.280 --> 1:39:28.910

AGR - 2nd Floor Conference Room

For one of the things we'll need to decide today is.

1:39:30.120 --> 1:39:37.500

AGR - 2nd Floor Conference Room

What we're thinking about meeting scheduled go, you know, probably still have meeting January. We're decided that to talk about the February 4th.

1:39:38.370 --> 1:39:40.680

AGR - 2nd Floor Conference Room

But you know the.

1:39:42.440 --> 1:39:43.190

AGR - 2nd Floor Conference Room

So.

1:39:45.180 --> 1:39:49.470

AGR - 2nd Floor Conference Room

#3, which is advised the executive branch and General Assembly, inspect the legislation.

1:39:50.390 --> 1:39:53.580

AGR - 2nd Floor Conference Room

That depends on what gets filed. Obviously God.

1:39:54.440 --> 1:40:14.490

AGR - 2nd Floor Conference Room

Yeah. And you will know that they went to the legislation get filed. Actually, I've never reports no legislation, new bills. When the new bills usually bill well, usually effective date of July 1st but they could come out at any point during the session. Yeah. So there's no like filing deadline other processing.

1:40:15.330 --> 1:40:21.170

AGR - 2nd Floor Conference Room

Cross over March. Yeah. So no words. As we become aware of something, we have to bring it to the board and then.

1:40:21.830 --> 1:40:25.480

AGR - 2nd Floor Conference Room

Or could decide if you wanna pop it out or not, but you know.

1:40:27.250 --> 1:40:29.850

AGR - 2nd Floor Conference Room

Just, you know, absolutely pop up will let her know.

1:40:30.950 --> 1:40:31.390

AGR - 2nd Floor Conference Room

Uh.

1:40:33.790 --> 1:40:34.220

AGR - 2nd Floor Conference Room

So.

1:40:35.140 --> 1:40:37.320

AGR - 2nd Floor Conference Room

Yeah. Anyway, that's just one thought.

1:40:40.630 --> 1:40:43.80

AGR - 2nd Floor Conference Room

But if if if the reports acceptable.

1:40:44.530 --> 1:40:46.60

AGR - 2nd Floor Conference Room

Can can we just sort of get a?

1:40:47.550 --> 1:40:52.210

AGR - 2nd Floor Conference Room

Approval. Anybody. Anybody not wanting to approve the report?

1:40:52.950 --> 1:40:53.670

AGR - 2nd Floor Conference Room

Any board member.

1:40:54.870 --> 1:40:56.630

AGR - 2nd Floor Conference Room

OK, so if you unanimous.

1:40:57.440 --> 1:40:58.330

AGR - 2nd Floor Conference Room  
Have consensus.

1:40:58.870 --> 1:41:2.200

AGR - 2nd Floor Conference Room  
1414 OK. And we'll.

1:41:2.940 --> 1:41:4.430

AGR - 2nd Floor Conference Room  
Finalize it and.

1:41:6.470 --> 1:41:7.540

AGR - 2nd Floor Conference Room  
Send it to the left.

1:41:10.670 --> 1:41:13.330

AGR - 2nd Floor Conference Room  
I don't know how many cooks know used to be one, said council.

1:41:14.20 --> 1:41:22.510

AGR - 2nd Floor Conference Room  
Yes. So happy. Thank everyone knows that probably not, right. So we have a questions about how the legislation works. We please don't hesitate.

1:41:22.590 --> 1:41:24.280

AGR - 2nd Floor Conference Room  
Yeah, that's that's.

1:41:26.520 --> 1:41:27.330

AGR - 2nd Floor Conference Room  
Comes in handy.

1:41:30.80 --> 1:41:31.400

AGR - 2nd Floor Conference Room  
OK, what's that?

1:41:32.430 --> 1:41:34.530

AGR - 2nd Floor Conference Room  
Let's go ahead and go on to.

1:41:36.130 --> 1:41:41.460

AGR - 2nd Floor Conference Room  
Three 3:00 PM. Yeah, let's get that. That #7. So the next report. Let's do.

1:41:42.880 --> 1:41:48.770

AGR - 2nd Floor Conference Room  
Is February 15th, so these are this is how it's worded so.

1:41:50.880 --> 1:41:53.730

AGR - 2nd Floor Conference Room

The report so shall submit.

1:41:54.610 --> 1:42:6.600

AGR - 2nd Floor Conference Room

Or court regarding whether best management practices should be adopted for the use of treated seeds that are not neonicotinoid treated. Article seeds report shall include.

1:42:7.230 --> 1:42:14.590

AGR - 2nd Floor Conference Room

SO1A summary of AI's review of treated article seeds that are not Munich treated seeds.

1:42:15.450 --> 1:42:20.910

AGR - 2nd Floor Conference Room

Including identification of treated article seeds that may have adverse effects on human health or the environment.

1:42:22.200 --> 1:42:26.860

AGR - 2nd Floor Conference Room

2A recommendation of whether the MP's were communities that are not, you know, neck.

1:42:27.910 --> 1:42:34.850

AGR - 2nd Floor Conference Room

Should be adopted and whether it should be adopted by rule and three proposed be in peace for two things that are not new.

1:42:36.730 --> 1:42:49.140

AGR - 2nd Floor Conference Room

So how I thought we could kind of frame the discussion is in the kind of like we're brainstorming to write the report. Right. So what, what do we need to know? What do you want to include? So I kind of these are my thinking right now is like.

1:42:50.50 --> 1:42:52.560

AGR - 2nd Floor Conference Room

What does he have? You need to know to write this report.

1:42:53.520 --> 1:43:2.10

AGR - 2nd Floor Conference Room

Maybe some guiding questions. What information is needed from HDMI and specifically the C program? And then what points?

1:43:3.470 --> 1:43:6.50

AGR - 2nd Floor Conference Room

Does the IAB want to make an appointment? So like what?

1:43:6.820 --> 1:43:7.600

AGR - 2nd Floor Conference Room

What's your?

1:43:9.290 --> 1:43:10.100

AGR - 2nd Floor Conference Room  
Mean.

1:43:10.830 --> 1:43:11.230

AGR - 2nd Floor Conference Room  
Ah.

1:43:11.980 --> 1:43:37.130

AGR - 2nd Floor Conference Room

Yeah, conclusion is what they said. So. So, Morgan, when you say non Neo Nick and treated see you're really saying couldn't with other pesticides not pellets or bio noctules and stuff like that or yeah, it's up to you. Yeah. So that's one of the one of the questions for the board is what and you have a lot of latitude in what kind of recommendation.

1:43:38.650 --> 1:43:43.520

AGR - 2nd Floor Conference Room

But So what? What we're asking the board to consider today.

1:43:44.320 --> 1:43:48.850

AGR - 2nd Floor Conference Room

And again in January, we'll have another meeting in January. The really focus on this in January.

1:43:49.370 --> 1:43:49.900

AGR - 2nd Floor Conference Room

Umm.

1:43:51.60 --> 1:43:52.490

AGR - 2nd Floor Conference Room

What do you need to know?

1:43:53.330 --> 1:43:54.210

AGR - 2nd Floor Conference Room

Consider this question.

1:43:56.670 --> 1:43:58.240

AGR - 2nd Floor Conference Room

Sarah has a question online.

1:43:59.250 --> 1:43:59.610

AGR - 2nd Floor Conference Room

Go ahead.

1:44:0.280 --> 1:44:0.870

AGR - 2nd Floor Conference Room

They're going.

1:44:1.890 --> 1:44:21.440

Vose, Sarah

Yeah. Thanks. I wonder if you can help put sort of a boundary around what other type of seed treatments are common. So for example, if we're talking about we're gonna phosphates right, those are chemicals that have pretty significant human health risk. But if seeds are not treated with organophosphates, that would be sort of out of the.

1:44:22.500 --> 1:44:30.410

Vose, Sarah

Umm, you know, playground or whatever. That's not a sandbox. Yeah, so maybe I think it would be nice to know what are the other common.

1:44:31.720 --> 1:44:34.70

Vose, Sarah

Uh steed treatments that are nonionic.

1:44:35.450 --> 1:44:36.540

AGR - 2nd Floor Conference Room

You went to the best too.

1:44:38.330 --> 1:44:52.710

AGR - 2nd Floor Conference Room

I'm really I don't work with anything else that really isn't like treated on the seed that isn't a neo nick for the insecticide purpose, but worry about the other one fungicide. It's very common. Fungicide probably just as common. Yeah, no more common.

1:44:54.330 --> 1:44:56.20

AGR - 2nd Floor Conference Room

And then there is biological.

1:44:56.100 --> 1:45:5.50

AGR - 2nd Floor Conference Room

It's there is bacteria products. I mean there is a lot of different treatments that are outside the realm of.

1:45:5.930 --> 1:45:9.830

AGR - 2nd Floor Conference Room

Pesticide alright. But I think to answer your question if it's.

1:45:10.630 --> 1:45:13.50

AGR - 2nd Floor Conference Room

By and large, if it if it's an insecticide, it's an ionic.

1:45:13.770 --> 1:45:14.560

AGR - 2nd Floor Conference Room

That I'm aware of.

1:45:15.570 --> 1:45:16.910

AGR - 2nd Floor Conference Room

What we use share.

1:45:18.120 --> 1:45:22.20

AGR - 2nd Floor Conference Room

So I put on a resource on.

1:45:22.990 --> 1:45:24.160

AGR - 2nd Floor Conference Room

Our team site.

1:45:25.930 --> 1:45:27.610

AGR - 2nd Floor Conference Room

And I'm hoping I can put up here.

1:45:31.900 --> 1:45:34.850

AGR - 2nd Floor Conference Room

That attempts to answer.

1:45:36.710 --> 1:45:39.580

AGR - 2nd Floor Conference Room

Well, there's a slide that shows the picture plant protection.

1:45:40.700 --> 1:45:41.710

AGR - 2nd Floor Conference Room

Where are you from?

1:45:42.390 --> 1:45:45.280

AGR - 2nd Floor Conference Room

5 stimulates growth regulators, micronutrients.

1:45:46.440 --> 1:45:57.750

AGR - 2nd Floor Conference Room

So it's out of Cornell, OK, it's just presented to the board before. No. OK, this is a new, this is new information, new information. I just put it up this week.

1:45:58.430 --> 1:45:58.690

AGR - 2nd Floor Conference Room

Cheats.

1:46:0.350 --> 1:46:2.240

AGR - 2nd Floor Conference Room

Kind of for the purpose of this conversation.

1:46:4.750 --> 1:46:6.740

AGR - 2nd Floor Conference Room

Mainly just because it had this slide.

1:46:7.580 --> 1:46:11.80

AGR - 2nd Floor Conference Room

That kind of got at a list of what could be honest.

1:46:14.30 --> 1:46:20.110

AGR - 2nd Floor Conference Room

And we have seen a slide like that from the Cortana folks, so it's not like this is, it's a different presentation, yeah.

1:46:24.210 --> 1:46:30.150

AGR - 2nd Floor Conference Room

I think Sarah's specific question, which insecticides right right may occur.

1:46:31.110 --> 1:46:33.680

AGR - 2nd Floor Conference Room

And do we know that do we have that info?

1:46:36.70 --> 1:46:42.520

AGR - 2nd Floor Conference Room

We don't have it in our database for seed distributors at this point. We don't like that we do not.

1:46:44.760 --> 1:46:55.450

AGR - 2nd Floor Conference Room

So there's some we could find out between now and yeah, so one of the questions we which insecticides, which one decides which fungicides which insecticides?

1:46:56.610 --> 1:46:57.680

AGR - 2nd Floor Conference Room

Working that aside.

1:46:58.850 --> 1:47:1.160

AGR - 2nd Floor Conference Room

Possibly, but I I don't know.

1:47:2.340 --> 1:47:4.310

AGR - 2nd Floor Conference Room

There was an issue anyway.

1:47:5.200 --> 1:47:12.330

AGR - 2nd Floor Conference Room

It's not floor. We're not Florida, but it's not far from here. But I do believe there is that OK.

1:47:14.740 --> 1:47:18.370

AGR - 2nd Floor Conference Room

In all those other treatments, I wonder if there might be any.

1:47:22.890 --> 1:47:24.210

AGR - 2nd Floor Conference Room

At least some kind of polymer.

1:47:25.130 --> 1:47:28.810

AGR - 2nd Floor Conference Room

Anything like that cause microplastics are such a disaster.

1:47:29.710 --> 1:47:35.510

AGR - 2nd Floor Conference Room

Ohh like in like to see where you're going? Yeah, or or in any of those in the list they had from Cornell.

1:47:36.310 --> 1:47:40.760

AGR - 2nd Floor Conference Room

I think we ought to know that it's but it if they're there, they might not be, but.

1:47:46.220 --> 1:47:46.890

AGR - 2nd Floor Conference Room

1.

1:47:49.210 --> 1:47:52.20

AGR - 2nd Floor Conference Room

Item of information is.

1:47:53.340 --> 1:47:56.120

AGR - 2nd Floor Conference Room

In term and they didn't fix this in terms of.

1:47:57.750 --> 1:48:1.360

AGR - 2nd Floor Conference Room

Report complaints we've received and inspections we've performed.

1:48:2.540 --> 1:48:3.710

AGR - 2nd Floor Conference Room

Have we ever had?

1:48:4.800 --> 1:48:8.850

AGR - 2nd Floor Conference Room

Plain associated with non neonicotinoid enforcement action.

1:48:9.670 --> 1:48:11.280

AGR - 2nd Floor Conference Room

Searching with non Unicode.

1:48:15.0 --> 1:48:17.110

AGR - 2nd Floor Conference Room

Sorry, we have no incidents in Vermont.

1:48:18.480 --> 1:48:21.60

AGR - 2nd Floor Conference Room

But we may this may be one of those things where.

1:48:21.770 --> 1:48:28.260

AGR - 2nd Floor Conference Room

You know, it's like once you get rid of the worst thing, the next worst thing is the worst thing. And so right, something may come up.

1:48:33.600 --> 1:48:36.720

AGR - 2nd Floor Conference Room

It would be good for us to know, like we're making these assumptions about.

1:48:37.900 --> 1:48:52.770

AGR - 2nd Floor Conference Room

No other insecticides. It would be good to know if there's anything else if we can find out. Yeah, that's being huge. And the other thing about this that makes this whole discussion unique is that under my and I think this is something we need to maybe I'm jumping the head, but not entirely.

1:48:54.610 --> 1:49:20.360

AGR - 2nd Floor Conference Room

We should all know what the what the legality is of using treated seeds in the state. I know the treatment happens elsewhere. The EPA certified treatment to a seed in Illinois or whatever, and then that seed is put on the market and sold them. Vermont. Is there anything in between those steps that regulates that step? I think largely no. As long as it was illegal treatment in when it was where it was applied.

1:49:21.60 --> 1:49:21.600

AGR - 2nd Floor Conference Room

Umm.

1:49:23.260 --> 1:49:28.670

AGR - 2nd Floor Conference Room

Yeah, no. Until until we do. So, right, right, right. Just want to slow, right, so.

1:49:31.750 --> 1:49:38.10

AGR - 2nd Floor Conference Room

Yeah, right now it's the treated seed itself is seat, right, right, right.

1:49:40.380 --> 1:50:2.400

AGR - 2nd Floor Conference Room

And so it'd be. So I don't know if there's a way to it, probably is, but I don't. If you have to go product by product, determine what's being used under fifra, you know the regulations in terms of treating the seeds, I mean, to try to to determine what products are labeled for the use to seeds.

1:50:3.50 --> 1:50:22.730

AGR - 2nd Floor Conference Room

The application exceeds they're they're all. There's a way. Yeah, it takes some work, but we can make it out there now. It's labeled. Right, right. I guess that's the question. Yeah, you can definitely do that. But you'll get a lot. You'll get a bunch of stuff and stuff is not in the market right. There might be more efficient.

1:50:24.530 --> 1:50:30.750

AGR - 2nd Floor Conference Room

But to identify the largest, as we do have reports of C tonnage.

1:50:31.850 --> 1:50:39.0

AGR - 2nd Floor Conference Room

It's probably more efficient just to go into that identify who's the largest tutor, just contact them directly. So what?

1:50:40.340 --> 1:50:40.710

AGR - 2nd Floor Conference Room

Sure.

1:50:42.850 --> 1:50:51.930

AGR - 2nd Floor Conference Room

Or they buy should tell you. Ohh, I think they would recognize it's in their interest in. Yeah, sure. You know, not nothing lives necessarily.

1:50:53.370 --> 1:50:54.390

AGR - 2nd Floor Conference Room

But it's still.

1:50:55.50 --> 1:51:2.240

AGR - 2nd Floor Conference Room

Doesn't do them any good. Let's say I'm not gonna tell you, you know? Sure. That would assume the same thing, but, you know, then also.

1:51:3.520 --> 1:51:4.300

AGR - 2nd Floor Conference Room

Industry.

1:51:5.80 --> 1:51:7.330

AGR - 2nd Floor Conference Room

Yeah, well, we'll see how far we get, you know.

1:51:8.960 --> 1:51:10.40

AGR - 2nd Floor Conference Room

People also too.

1:51:11.300 --> 1:51:19.120

AGR - 2nd Floor Conference Room

You know that we can easily exclude some of those other treatments. We need to know if there's any health implications for farmer.

1:51:20.540 --> 1:51:28.430

AGR - 2nd Floor Conference Room

Using those machines, the stuff that we assume is OK or yeah, that's just all the allergens and all that. Yeah. Yeah. And that's what that's for.

1:51:30.620 --> 1:51:32.90

AGR - 2nd Floor Conference Room

I hope you were, you know.

1:51:33.320 --> 1:51:43.780

AGR - 2nd Floor Conference Room

Any implications? I don't know. We also need to know what the non nicotine noid side of that same question is. Yeah, yeah, that's what they said. Yes, this first.

1:51:45.410 --> 1:51:46.430

AGR - 2nd Floor Conference Room

Attempt is not.

1:51:49.170 --> 1:51:51.280

AGR - 2nd Floor Conference Room

One thing to keep in mind though is.

1:51:52.40 --> 1:52:5.510

AGR - 2nd Floor Conference Room

We don't have a lot of time right to make recommendations, so I may not be able to answer all the questions like when you have, you know no one, they have information or we're not gonna be able to digest that much information for time.

1:52:6.330 --> 1:52:8.740

AGR - 2nd Floor Conference Room

So one thing to consider.

1:52:9.510 --> 1:52:21.820

AGR - 2nd Floor Conference Room

Is uh, we have a couple different, you know, you could say, well, we just don't know enough to make a recommendation or you could say, you know, enough to me these right questions, you know. I mean, I think there's some pretty basic.

1:52:22.660 --> 1:52:24.770

AGR - 2nd Floor Conference Room

Best management practices for treated seat.

1:52:25.540 --> 1:52:33.780

AGR - 2nd Floor Conference Room

And Clark, you might actually wanna church. She does a little bit because you've had some experience with treated seed not being handled properly. Yeah, I have a case with.

1:52:34.490 --> 1:52:42.320

AGR - 2nd Floor Conference Room

My own observation, winter wheat cover crop seed was brought on stage, treated with purpuric cost for storage purposes.

1:52:43.20 --> 1:52:48.250

AGR - 2nd Floor Conference Room

Farm that on it didn't ask for treated seed. They were aware that they bought a treated seed.

1:52:49.500 --> 1:53:2.810

AGR - 2nd Floor Conference Room

They had a breakdown of field near my house where they spilled the comma. The seed treatment for your boss. They're trying to work on their equipment without any PPE because they weren't even where it was. Some sense they were working with and.

1:53:3.530 --> 1:53:5.860

AGR - 2nd Floor Conference Room

It wasn't exactly biology.

1:53:7.510 --> 1:53:15.520

AGR - 2nd Floor Conference Room

Right. But it's not in the practice. No, exactly. Yeah. So we can thinking right, maybe it's good that you're self harmed. You can see.

1:53:16.540 --> 1:53:39.800

AGR - 2nd Floor Conference Room

That's treated what is treated when. I means optional statements handled seed and how they handled it. Different. Yeah, yes, that's seems pretty basic. And so that's the kind of BMP you could make a recommendation about with, you know, anything else Z, right? If you have unused seat at the end of the planning operational feedback to the chickens. Right. Yeah. Also, the spill seems to believe me to say.

1:53:39.880 --> 1:53:42.80

AGR - 2nd Floor Conference Room

See, it's very still, see.

1:53:46.40 --> 1:53:58.420

AGR - 2nd Floor Conference Room

Yeah. So those are pretty basic. Maybe you don't have to answer all the questions. Yeah, to do some common sense things. Yeah. You know, and have a set of recommendations. So I started doing that and had it. I have a generic.

1:53:59.980 --> 1:54:3.190

AGR - 2nd Floor Conference Room

BMP's and where I netted out was but hot.

1:54:4.140 --> 1:54:7.480

AGR - 2nd Floor Conference Room

It's if we get to the point of a NEO neck.

1:54:8.190 --> 1:54:18.420

AGR - 2nd Floor Conference Room

Treated seeds is that there's gonna be a lot of repetition that they're gonna be generic to that. That's OK. OK. So because I started a generic.

1:54:20.150 --> 1:54:20.960

AGR - 2nd Floor Conference Room

We just pull it.

1:54:21.720 --> 1:54:26.940

AGR - 2nd Floor Conference Room

Points that that we could and then I can introduce to you guys.

1:54:28.660 --> 1:54:36.50

AGR - 2nd Floor Conference Room

If you don't stop sharing for a second, I can find it, but basically getting at those types of things and we can we can.

1:54:36.910 --> 1:54:45.290

AGR - 2nd Floor Conference Room

Just kick it around here if you want, or if you want to keep going as far as like brainstorming anything else that you want and we want to go generic.

1:54:46.390 --> 1:54:47.990

AGR - 2nd Floor Conference Room

Sorry, go ahead Steve.

1:54:50.980 --> 1:54:51.550

Steve Schubart (Guest)

Umm.

1:54:52.900 --> 1:55:6.190

Steve Schubart (Guest)

Sorry, we may have covered this as already, but do we have a a list available of of treated seed use by county or anything? Is there? There's no reporting right.

1:55:8.90 --> 1:55:14.820

AGR - 2nd Floor Conference Room

So that gets it great. So this is this question, what information is needed, maybe specifically from the seed program. So we know we have.

1:55:16.140 --> 1:55:18.270

AGR - 2nd Floor Conference Room

Some gap. So basically what?

1:55:19.250 --> 1:55:20.820

AGR - 2nd Floor Conference Room

We know I.

1:55:22.200 --> 1:55:24.830

AGR - 2nd Floor Conference Room

Is this that I know I?

1:55:26.840 --> 1:55:32.730

AGR - 2nd Floor Conference Room

Given this, as part of that, like nunit, research at the agency from the past so.

1:55:34.960 --> 1:55:55.220

AGR - 2nd Floor Conference Room

Basically, all we know is see type and then treated versus untreated. We don't know what kind of treatment. Ohh so this isn't new unit treatment this week treated we don't know so it could be anything, right? Yeah. So it's so is there a definition of treated versus untreated here I mean untreated is obviously nothing but.

1:55:56.50 --> 1:55:58.400

AGR - 2nd Floor Conference Room

What is? What is treated covers it like.

1:55:59.370 --> 1:56:3.40

AGR - 2nd Floor Conference Room

Anything that's added to the seed or is it specifically in insecticide?

1:56:3.730 --> 1:56:4.30

AGR - 2nd Floor Conference Room

Or.

1:56:6.130 --> 1:56:14.220

AGR - 2nd Floor Conference Room

Ah, so I we don't know. They just have to. The form is. I mean, do you have the form? I've form is just a box for treated and.

1:56:15.610 --> 1:56:17.920

AGR - 2nd Floor Conference Room

Yeah, treated means let's see rule.

1:56:19.230 --> 1:56:20.140

AGR - 2nd Floor Conference Room

Me share.

1:56:21.860 --> 1:56:23.250

Steve Schubart (Guest)

And is that self reported?

1:56:25.800 --> 1:56:26.130

AGR - 2nd Floor Conference Room

Yes.

1:56:27.430 --> 1:56:29.450

Steve Schubart (Guest)

So we don't, I mean it's self reported data.

1:56:30.450 --> 1:56:36.980

AGR - 2nd Floor Conference Room

Yes, by the dealers, yeah, correct by the distributors. And so I think so.

1:56:38.550 --> 1:56:40.440

AGR - 2nd Floor Conference Room

We says the staff member, that kind of.

1:56:41.270 --> 1:56:47.590

AGR - 2nd Floor Conference Room

Hopefully our new staff member will work a lot on this too, but she was saying like we definitely don't get 100%.

1:56:48.790 --> 1:56:49.170

AGR - 2nd Floor Conference Room

Report.

1:56:50.990 --> 1:56:54.800

AGR - 2nd Floor Conference Room

That's true. We don't get 100% reporting because we don't require.

1:56:55.600 --> 1:56:57.350

AGR - 2nd Floor Conference Room

The report of 0.

1:56:58.630 --> 1:57:4.160

AGR - 2nd Floor Conference Room

It's require the report of zero. Then we get. We would know that everyone would report it. So let's practice.

1:57:5.400 --> 1:57:33.530

AGR - 2nd Floor Conference Room

Yes, so treated, it's the definition of treated. Yep, that's the definition of. Treated means that the seed has received an application of a substance or process which substance or process is designed to reduce control or repel certain disease. For these organisms, insects or other pests from attacking so wouldn't include doesn't include an ocular documents does include fungicide. It does include a budget does. Ohh yeah. That's a disease. It's OK. Yeah, yeah.

1:57:34.740 --> 1:57:37.260

AGR - 2nd Floor Conference Room

Yeah, and Oculus pelletizers, yeah.

1:57:39.480 --> 1:57:47.510

AGR - 2nd Floor Conference Room

And maybe that's maybe that actually solves a lot of issues if we can take a bunch of stuff off the table, right? Yeah. OK. Well, let's take out table. Let's use that.

1:57:48.900 --> 1:58:3.910

AGR - 2nd Floor Conference Room

I think that's the legal definition. Obviously, that's. Yeah. Yeah. Yeah. So we're gonna have to do some work between now and January as much information as we can. However we can get it, you know, for the board to consider and then.

1:58:6.970 --> 1:58:8.580

AGR - 2nd Floor Conference Room

Then we'll have a.

1:58:13.420 --> 1:58:17.400

AGR - 2nd Floor Conference Room

Etcetera. Sort of real basic BMP common sense.

1:58:18.320 --> 1:58:24.50

AGR - 2nd Floor Conference Room

But it's really argue with recommendations on how to handle seat and shredded.

1:58:25.130 --> 1:58:28.400

AGR - 2nd Floor Conference Room

With, not with me, and expect all choices. Seed basic right.

1:58:30.220 --> 1:58:35.770

AGR - 2nd Floor Conference Room

And then you know, we can expand on that over the next year or information that I don't think.

1:58:36.690 --> 1:58:44.700

AGR - 2nd Floor Conference Room

Yeah. I think the last recommendation would be we need time to develop, you know, further recommendations. Yeah, something like that. Pretty common, right?

1:58:45.830 --> 1:58:47.740

AGR - 2nd Floor Conference Room

More study is needed, Yep.

1:58:53.660 --> 1:58:54.370

AGR - 2nd Floor Conference Room

Umm.

1:58:55.880 --> 1:58:59.910

AGR - 2nd Floor Conference Room

I mean, I can pull this up if you want to add to these.

1:59:4.240 --> 1:59:5.530

AGR - 2nd Floor Conference Room

So one thing.

1:59:12.670 --> 1:59:16.920

AGR - 2nd Floor Conference Room

Umm, an example. So one question that we could consider.

1:59:17.560 --> 1:59:18.360

AGR - 2nd Floor Conference Room

So the.

1:59:19.540 --> 1:59:20.10

AGR - 2nd Floor Conference Room

Umm.

1:59:20.860 --> 1:59:29.40

AGR - 2nd Floor Conference Room

To access the information that's associated the American American, see translation. So they have a pretty generic.

1:59:31.200 --> 1:59:33.670

AGR - 2nd Floor Conference Room

Treated seed so it doesn't specify whereas.

1:59:34.310 --> 1:59:41.800

AGR - 2nd Floor Conference Room

Most other BMP's are really calling out NEO next, but so the after one was one that I could find that was.

1:59:42.660 --> 1:59:43.210

AGR - 2nd Floor Conference Room

The.

1:59:44.340 --> 2:0:1.680

AGR - 2nd Floor Conference Room

Or not calling out pollinators? I mean, they do, but it's not the focus of the BMP. So this first question is they have a disclaimer at the beginning of their best management practices. And so it was just something to call out. So this is exactly this is just copied right from there.

2:0:2.590 --> 2:0:3.60

AGR - 2nd Floor Conference Room

Umm.

2:0:4.120 --> 2:0:12.140

AGR - 2nd Floor Conference Room

Highlighted, but it's just something to know and this can be something and you know, I'm just planting the seed. We can send this out and ask for comment well.

2:0:13.260 --> 2:0:17.350

AGR - 2nd Floor Conference Room

Yeah, so the SDK has to do with this claim like that cause they're nonregulatory.

2:0:18.890 --> 2:0:19.480

AGR - 2nd Floor Conference Room

Agency.

2:0:21.180 --> 2:0:22.760

AGR - 2nd Floor Conference Room

OK, OK.

2:0:24.580 --> 2:0:25.110

AGR - 2nd Floor Conference Room  
You know we're.

2:0:26.370 --> 2:0:27.600

AGR - 2nd Floor Conference Room  
You have some authority so.

2:0:28.770 --> 2:0:33.670

AGR - 2nd Floor Conference Room  
So I guess, but it it matters if if we say that it's not gonna be adopted by rule.

2:0:34.310 --> 2:0:36.620

AGR - 2nd Floor Conference Room  
But the recommendation is for enough, yeah.

2:0:38.470 --> 2:0:39.290

AGR - 2nd Floor Conference Room  
Yeah, that's the point.

2:0:42.420 --> 2:0:53.940

AGR - 2nd Floor Conference Room  
But then that answer, when it said when it says if it should be, then that's a kind of move point asks that well we the board should make a recommendation as to whether or not it should.

2:0:55.730 --> 2:0:56.0

AGR - 2nd Floor Conference Room  
Right.

2:1:15.730 --> 2:1:21.80

Steve Schubart (Guest)  
How do we currently know that treated seed doesn't go into commodity grain channels? This third bullet point?

2:1:22.20 --> 2:1:22.570

Steve Schubart (Guest)  
Currently.

2:1:24.600 --> 2:1:25.420

Steve Schubart (Guest)  
Thought it does.

2:6:19.370 --> 2:6:23.430

Griffith, Morgan  
Can you guys hear me talk on the call, anybody?

2:6:24.690 --> 2:6:25.570

margaret laggis  
I can hear you.

2:6:24.130 --> 2:6:48.240

Griffith, Morgan

Arts and it was like the the second. OK, So what our problem is is we lost Internet have to call back you. Thirdly, you're at the agency and so the room technology can't run to just everybody takes 4 weeks. So I only can do it on my computer audio cuz I can't have a. The other one is through.

2:6:48.900 --> 2:6:49.250

Steve Schubart (Guest)

The.

2:6:49.80 --> 2:6:51.970

Griffith, Morgan

Over the Internet. So.

2:6:53.320 --> 2:6:54.690

Griffith, Morgan

I apologize.

2:6:56.360 --> 2:6:56.680

Steve Schubart (Guest)

The.

2:6:56.750 --> 2:7:0.310

Griffith, Morgan

We. Ohh yeah, no.

2:7:1.110 --> 2:7:2.700

Griffith, Morgan

You now alright?

2:7:4.280 --> 2:7:6.200

Griffith, Morgan

OK. Well, you're here to stay.

2:7:7.260 --> 2:7:8.670

Griffith, Morgan

I can't do that.

2:7:11.400 --> 2:7:15.820

Griffith, Morgan

OK, so I apologize for those of you on the call.

2:7:15.900 --> 2:7:16.120

Griffith, Morgan

Yeah.

2:7:16.230 --> 2:7:18.180

Griffith, Morgan

Umm OK.

2:7:20.780 --> 2:7:25.990

Griffith, Morgan

I think we're resuming, he's going around with the notepad. Yeah. Do you have?

2:7:26.320 --> 2:7:26.660

Griffith, Morgan

Yes, Sir.

2:7:27.600 --> 2:7:29.750

Griffith, Morgan

It's just the conducting a ball.

2:7:32.630 --> 2:7:42.250

Griffith, Morgan

Text. OK, so I'm gonna try. So right now we're we're connected, but I can only do it on my computer.

2:7:43.800 --> 2:7:49.630

Griffith, Morgan

I probably can if I plug in I can. I can plug directly into the.

2:7:49.190 --> 2:7:51.500

Steve Schubart (Guest)

Are you interested in purchasing cattle with them?

2:7:51.720 --> 2:7:51.980

Griffith, Morgan

Ohh.

2:7:52.900 --> 2:7:53.800

Griffith, Morgan

Heard that speed?

2:7:54.820 --> 2:7:55.570

Steve Schubart (Guest)

Sorry guys.

2:7:56.360 --> 2:8:2.10

Griffith, Morgan

It's OK. I think it's the. It's the other one. I'm just gonna leapfrog you. Yes.

2:8:5.770 --> 2:8:6.490

Griffith, Morgan

I'm going to go here.

2:8:13.990 --> 2:8:14.670

Griffith, Morgan

They did it.

2:8:19.410 --> 2:8:21.260

Griffith, Morgan

It plugged in I am alright.

2:8:23.830 --> 2:8:24.920

Griffith, Morgan

So we're set.

2:8:26.380 --> 2:8:26.960

Griffith, Morgan

Oh shoot.

2:8:27.640 --> 2:8:27.980

Griffith, Morgan

Well.

2:8:29.260 --> 2:8:29.600

Griffith, Morgan

2.

2:8:30.280 --> 2:8:30.980

Griffith, Morgan

Is it this one?

2:8:34.220 --> 2:8:34.750

Griffith, Morgan

That's.

2:8:39.540 --> 2:8:42.330

Griffith, Morgan

Yeah, there we go. Ohh shoot. Hey.

2:8:50.70 --> 2:8:50.500

Griffith, Morgan

I mean.

2:8:53.400 --> 2:8:55.430

Griffith, Morgan

Try one try 1. Alright, we'll try 1.

2:9:11.670 --> 2:9:11.980

Griffith, Morgan

The first.

2:9:18.300 --> 2:9:18.550

Griffith, Morgan

Sorry.

2:9:20.910 --> 2:9:21.190

Griffith, Morgan

You know.

2:9:31.330 --> 2:9:31.540

Griffith, Morgan

We.

2:9:33.130 --> 2:9:33.910

Griffith, Morgan

Go back to the store.

2:9:35.110 --> 2:9:36.320

Griffith, Morgan

Yeah, yeah.

2:9:36.430 --> 2:9:36.590

Griffith, Morgan

Yeah.

2:9:39.80 --> 2:9:49.810

Griffith, Morgan

So can we get stripped back if he can change? If he can make the room or sign into public, then we're golden. But I can't. It needs administrative anymore.

2:9:52.420 --> 2:9:52.890

Griffith, Morgan

But.

2:9:55.170 --> 2:9:56.240

Griffith, Morgan

I'm gonna try this one again.

2:9:56.920 --> 2:10:0.870

Griffith, Morgan

That one or two. The first one I had. So it was two, right.

2:10:13.0 --> 2:10:14.450

Griffith, Morgan

Don't touch anything.

2:10:15.450 --> 2:10:15.990

Griffith, Morgan

Your computer.

2:10:17.370 --> 2:10:18.410

Griffith, Morgan

It didn't do anything.

2:10:19.370 --> 2:10:20.300

Griffith, Morgan

Can't keep it?

2:10:25.140 --> 2:10:26.710

Griffith, Morgan

OK, converge.

2:10:26.920 --> 2:10:27.370

Griffith, Morgan

Don't care.

2:10:29.670 --> 2:10:31.100

Griffith, Morgan

You know, so.

2:10:37.710 --> 2:10:38.380

Griffith, Morgan

One pound bag.

2:10:39.440 --> 2:10:39.910

Griffith, Morgan

OK.

2:10:42.910 --> 2:10:43.510

Griffith, Morgan

There you go.

2:10:44.980 --> 2:10:45.950

Griffith, Morgan

I think you're imports.

2:10:46.980 --> 2:10:47.310

Griffith, Morgan

Yeah.

2:10:48.190 --> 2:10:48.520

Griffith, Morgan

Could be.

2:10:49.710 --> 2:10:54.20

Griffith, Morgan

It's not like last week I did. Do you want me to?

2:10:56.360 --> 2:10:56.910

Griffith, Morgan

I'm logged in.

2:10:58.10 --> 2:11:5.360

Griffith, Morgan

These are very still or no his stuff. His eyes are moving. He's reading or we're frozen. There you go.

2:11:5.560 --> 2:11:8.790

Griffith, Morgan

Do you want you have a you have this getter?

2:11:26.0 --> 2:11:27.850

Griffith, Morgan

Good, alright, better yours.

2:11:28.930 --> 2:11:29.550

Griffith, Morgan

I don't think so.

2:11:31.270 --> 2:11:32.620

Griffith, Morgan

Don't touch it. I can do this.

2:11:34.0 --> 2:11:42.70

Griffith, Morgan

Alright, so again, yeah, but the unfortunate thing is the only audio we have is my is my computer OK?

2:11:43.790 --> 2:11:45.680

Griffith, Morgan

I think we're at a point we can probably.

2:11:47.230 --> 2:12:16.530

Griffith, Morgan

Yeah, you know, agree to bring a bunch of information back and you know, plus share information between now and the meeting. We can't really. And then you can approach this. We can't really go back and forth much to provide. You can provide information and we can have meetings like this. But I mean like, between now and the 68 board meetings, yeah, can't basically decisions no notice at least 7/8 information. Yeah. So if we have a report for the board to consider.

2:12:16.650 --> 2:12:27.560

Griffith, Morgan

It said it out. Yes. If we take it out. Just can't have a discussion with the board. Can't do work on that. Right. And this is all pursuing. So meeting laws in the state.

2:12:29.780 --> 2:12:30.110

Griffith, Morgan

So.

2:12:32.0 --> 2:12:32.630

Griffith, Morgan

Please.

2:12:33.900 --> 2:12:46.30

Griffith, Morgan

Speak up if you can't hear Steve talking in the room. But so what's being discussed is that the agency can provide information for the board to provide feedback on and add to.

2:12:46.950 --> 2:12:53.290

Griffith, Morgan

Consider. Yeah. And So what basically what I'm suggesting is we're having such a hard time with this is go ahead and.

2:12:54.270 --> 2:13:6.740

Griffith, Morgan

And this discussion about the non neonicotinoid treated seeds, but with the expectation that the agency's gonna provide information to the board members between now and the January.

2:13:8.0 --> 2:13:8.690

Griffith, Morgan

On this issue.

2:13:9.650 --> 2:13:12.220

Griffith, Morgan

And then at the January meeting will discuss.

2:13:13.490 --> 2:13:24.770

Griffith, Morgan

Recommendations are being used for this issue, yes, and if I would ask also the board gets and it has any pertinent information to send it to us for us to disseminate to the rest of the board.

2:13:25.650 --> 2:13:28.340

Griffith, Morgan

So do you have anything that's pertinent the issue?

2:13:29.960 --> 2:13:30.930

Griffith, Morgan

Get back to us.

2:13:33.30 --> 2:13:33.680

Griffith, Morgan

That makes sense.

2:13:34.520 --> 2:13:38.990

Griffith, Morgan

OK. And then we'll just go ahead and end this discussion. Gonna bring back up.

2:13:39.810 --> 2:13:44.660

Griffith, Morgan

We did a lot of work today. It really did do big work, work product which is good.

2:13:45.490 --> 2:13:49.590

Griffith, Morgan

Uh, and we can open it up for public comment if we can hear it.

2:13:51.210 --> 2:13:51.590

Griffith, Morgan

Yeah.

2:13:54.190 --> 2:13:59.350

Griffith, Morgan

Yeah, we should. I can relate if you can't. So is there any public comments?

2:14:4.970 --> 2:14:23.850

margaret laggis

Hi, Morgan, this is Margaret Lagus. I just wanted to quickly make a comment. Somebody mentioned something about this treated seed getting into the grain commercial grain market that's just not possible. They're completely separate markets. They're dyed completely differently that that is not a concern and not an issue. I just didn't want to get let that go unaddressed.

2:14:27.390 --> 2:14:28.170

Griffith, Morgan

Thank you, Margaret.

2:14:28.830 --> 2:14:30.350

Steve Schubart (Guest)

Thank you, Margaret. That was my question.

2:14:31.810 --> 2:14:36.660

Steve Schubart (Guest)

I was just curious about how that is verified. That's that's at the dealer level.

2:14:39.820 --> 2:14:45.170

margaret laggis

So grain when it's when it's processed is is brought in differently so.

2:14:45.250 --> 2:15:7.590

margaret laggis

Umm seed corn, which is what's used to grow a crop versus green corn commodity corn, are grown by completely different farmers and so they get distributed completely differently. They then have a dye applied to them so that they're completely different color and they end up in a completely different distribution system. There's like they're they're just nothing alike.

2:15:7.950 --> 2:15:16.800

Steve Schubart (Guest)

That makes sense. Yeah. I follow with corn, I guess I was a little curious about other commodity crops, but I would, I would assume that that goes down the down the board through all of them.

2:15:17.730 --> 2:15:18.240

margaret laggis

It does.

2:15:18.800 --> 2:15:19.310

Steve Schubart (Guest)

Thank you.

2:15:25.340 --> 2:15:26.970

Griffith, Morgan

Yep. And Laura, go ahead.

2:15:30.170 --> 2:15:33.150

Laura O. Johnson

OK, I have a question.

2:15:33.930 --> 2:15:34.770

Laura O. Johnson

Question.

2:15:34.850 --> 2:15:35.380

Laura O. Johnson

Umm.

2:15:36.500 --> 2:15:49.330

Laura O. Johnson

That I'm just wondering in this conversation if all new, if the word Neo neck is or neonicotinoid is encompassing all types of neonicotinoids.

2:15:50.450 --> 2:15:52.520

Laura O. Johnson

I recall from another meeting where.

2:15:53.640 --> 2:16:0.910

Laura O. Johnson

Ah, it was pointed out that cyano amidine.

2:16:1.560 --> 2:16:6.50

Laura O. Johnson

Versus nitroguanidine, if I'm pronouncing those correctly.

2:16:7.570 --> 2:16:12.880

Laura O. Johnson

Are two examples of neonicotinoids 1 being shown not to be toxic to bees?

2:16:13.730 --> 2:16:14.900

Laura O. Johnson

And the other.

2:16:16.750 --> 2:16:19.330

Laura O. Johnson

Being toxic to bees and uh.

2:16:20.160 --> 2:16:42.510

Laura O. Johnson

And I don't even know if the cyano amidine neonicotinoid is something that's found on seed. I've only, you know, out of a really small sample size, size. Ever seen the nitroguanidine neonics on seed? So that was just something I was curious about in the conversation when talking about neonicotinoids.

2:16:48.50 --> 2:16:48.390

Griffith, Morgan

OK.

2:16:51.190 --> 2:16:53.920

Griffith, Morgan

Thank you. Yeah, I think we'll make sure we can.

2:16:54.940 --> 2:17:10.490

Griffith, Morgan

The linear as we learn what is a common yeah seed treatments, I think it's important to note that in the legislation though, it just says, yeah, well, but they they they neonicotinoid legislation actually lists the different times specific even products.

2:17:11.790 --> 2:17:13.680

Griffith, Morgan

There, there's been multiple.

2:17:15.280 --> 2:17:17.890

Griffith, Morgan

Legislative citations.

2:17:17.980 --> 2:17:32.660

Griffith, Morgan

And in particular, the legislation that rich that established, you know, making noise and being restricted, each products actually called out active agreements. So I don't know which ones are those are mine.

2:17:35.270 --> 2:17:36.370

Griffith, Morgan

That we could figure that out.

2:17:37.960 --> 2:17:39.720

Griffith, Morgan

Laura, could you hear Steve talking?

2:17:41.570 --> 2:17:42.880

Laura O. Johnson

Yes, thank you.

2:17:42.280 --> 2:17:44.990

Griffith, Morgan

I got. Thank you. OK, great. I just wasn't sure about the audio. Great.

2:17:46.460 --> 2:17:47.550

Griffith, Morgan

The other public comment.

2:17:53.80 --> 2:17:54.10

Griffith, Morgan

And the other comments?

2:17:59.400 --> 2:18:12.800

Griffith, Morgan

I think we're good. OK. Well, thank you very much. We'll go ahead and adjourn a little early. Thank board members and thanks for the public who participate as I think we got a lot done today and next meeting will be January 23rd.

2:18:12.940 --> 2:18:21.710

Griffith, Morgan

Different. Ohh, we're gonna try and have a meeting at a different location, hopefully with more stable Wi-Fi, yeah.

2:18:22.960 --> 2:18:26.180

Griffith, Morgan

Then how do you wanna tell everybody about that?

2:18:27.410 --> 2:18:36.430

Griffith, Morgan

Sure. So uh, well, we're hoping to have it on at the UAMS extension office in Berlin. It's technically in Berlin, right?

2:18:36.570 --> 2:18:43.510

Griffith, Morgan

Umm. And so I have the request out to see if it's available and then so we're just gonna.

2:18:44.170 --> 2:18:51.390

Griffith, Morgan

Try and have it set up so we can record the room as well and capture the sound as well. So that's just something that we need to procure. But just so we can have a larger room.

2:18:52.830 --> 2:19:0.440

Griffith, Morgan

Accommodate, but that will all be posted. I mean, I'll communicate to the to the board members, but for public who wanna join that will all be.

2:19:1.300 --> 2:19:2.680

Griffith, Morgan

Posted on the website.

2:19:3.390 --> 2:19:4.600

Griffith, Morgan

And hopefully cookies.

2:19:5.680 --> 2:19:9.490

Griffith, Morgan

Yes, that's a very good she's out of every meeting, I think so.

2:19:11.30 --> 2:19:12.680

Griffith, Morgan

We have to rotate, yeah.

2:19:14.770 --> 2:19:18.200

Griffith, Morgan

OK. Thank you all. Thank you. Thank you.
